that have been registered under the Securities Act of 1933

*This exchange offer will expire at 5:00 p.m., New York City time,
on April 12, 2011, unless extended.*

We are offering to exchange Celanese US Holdings LLC's 6 ⁵ / 8 % Senior Notes due 2018, which have been registered under the Securities Act of 1933, as amended (the "Securities Act") and which we refer to in this prospectus as the "exchange notes," for any and all of Celanese US Holdings LLC's 6 ⁵ / 8 % Senior Notes due 2018 issued on September 24, 2010, which we refer to in this prospectus as the "outstanding notes." The term "Notes" refers to both the outstanding notes and the exchange notes. We refer to the offer to exchange the exchange notes for the outstanding notes as the "exchange offer" in this prospectus.

The Exchange Notes:

- The terms of the registered exchange notes to be issued in the exchange offer are substantially identical to the terms of the outstanding notes, except that the transfer restrictions, registration rights and additional interest provisions relating to the outstanding notes will not apply to the exchange notes.
- We are offering the exchange notes pursuant to a registration rights agreement that we entered into in connection with the issuance of the outstanding notes.
- The exchange notes will bear interest at the rate of 6 ⁵ / 8 % per annum, payable semi-annually, in cash in arrears, on October 15 and April 15 of each year.
- The exchange notes will be guaranteed on a senior basis by Celanese Corporation, the parent company of Celanese US Holdings LLC, and each of Celanese US Holdings LLC's subsidiaries that have guaranteed the outstanding notes.

Material Terms of the Exchange Offer:

- The exchange offer expires at 5:00 p.m., New York City time, on April 12, 2011, unless extended.
- Upon expiration of the exchange offer, all outstanding notes that are validly tendered and not withdrawn will be exchanged for an equal principal amount of the exchange notes.
- You may withdraw tendered outstanding notes at any time prior to the expiration of the exchange offer.
- The exchange offer is not subject to any minimum tender condition, but is subject to customary conditions.
- The exchange of the exchange notes for outstanding notes will not be a taxable exchange for U.S. federal income tax purposes.
- Each broker-dealer that receives exchange notes for its own account in the exchange offer must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act of 1933, as amended, in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such exchange notes were acquired by such broker-dealer as a result of market-making activities or other trading activities.
- There is no existing public market for the outstanding notes or the exchange notes. We do not intend to list the exchange notes on any securities exchange or quotation system.

See "Risk Factors" beginning on page 7.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain parts of this prospectus and the documents incorporated by reference herein contain forward-looking statements and information relating to us that are based on the beliefs of our management as well as assumptions made by, and information currently available to, us. When used in this document, words such as “anticipate,” “believe,” “estimate,” “expect,” “intend,” “plan” and “project” and similar expressions, as they relate to us are intended to identify forward-looking statements. These statements reflect our current views with respect to future events, are not guarantees of future performance and involve risks and uncertainties that

are difficult to predict. Further, certain forward-looking statements are based upon assumptions as to future events that may not prove to be accurate.

See the section entitled “Risk Factors” of this prospectus for a description of certain risk factors that could significantly affect our financial results. In addition, the following factors could cause our actual results to differ materially from those results, performance or achievements that may be expressed or implied by such forward-looking statements. These factors include, among other things:

- changes in general economic, business, political and regulatory conditions in the countries or regions in which we operate;
- the length and depth of product and industry business cycles particularly in the automotive, electrical, textiles, electronics and construction industries;
- changes in the price and availability of raw materials, particularly changes in the demand for, supply of, and market prices of ethylene, methanol, natural gas, wood pulp and fuel oil and the prices for electricity and other energy sources;
- the ability to pass increases in raw material prices on to customers or otherwise improve margins through price increases;

- the ability to reduce or maintain at their current levels production costs and improve productivity by implementing technological improvements to existing plants;
- increased price competition and the introduction of competing products by other companies;
- changes in the degree of intellectual property and other legal protection afforded to our products;
- costs and potential disruption or interruption of production due to accidents or other unforeseen events or delays in construction of facilities;
- potential liability for remedial actions and increased costs under existing or future environmental regulations, including those related to climate change;
- potential liability resulting from pending or future litigation, or from changes in the laws, regulations or policies of governments or other governmental activities in the countries in which we operate;
- changes in currency exchange rates and interest rates;
- our level of indebtedness, which could diminish our ability to raise additional capital to fund operations or limit our ability to react to changes in the economy or the chemicals industry; and
- various other factors, both referenced and not referenced in this prospectus.

Many of these factors are macroeconomic in nature and are, therefore, beyond our control. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, our actual results, performance or achievements may vary materially from those described in this prospectus as anticipated, believed, estimated, expected, intended, planned or projected. Except as required by law, we neither intend nor assume any obligation to update these forward-looking statements, which speak only as of their dates.

	<p>\$2,000. We are undertaking the exchange offer in order to satisfy our obligations under the registration rights agreement relating to the outstanding notes. See “The Exchange Offer — Terms of the Exchange Offer; Expiration Time.”</p>
Interest on outstanding notes exchanged in the exchange offer	<p>Holders whose outstanding notes are exchanged for exchange notes will not receive a payment in respect of interest accrued but unpaid on such outstanding notes from the most recent interest payment date up to but excluding the settlement date. Instead, interest on the exchange notes received in exchange for such outstanding notes will (i) accrue from the last date on which interest was paid on such outstanding notes and (ii) accrue at the same rate as and be payable on the same dates as interest was payable on such outstanding notes. However, if any interest payment occurs prior to the settlement date on any outstanding notes already tendered for exchange in the exchange offer, the holder of such outstanding notes will be entitled to receive such interest payment.</p>
Conditions to the Exchange Offer	<p>The exchange offer is subject to customary conditions (see “The Exchange Offer — Conditions to the Exchange Offer”), some of which we may waive in our sole discretion. The exchange offer is not conditioned upon any minimum principal amount of outstanding notes being tendered for exchange.</p>
How to Tender Outstanding Notes for Exchange	<p>You may tender your outstanding notes through book-entry transfer in accordance with The Depository Trust Company’s Automated Tender Offer Program, known as ATOP. If you wish to accept the exchange offer, you must:</p> <ul style="list-style-type: none">• complete, sign and date the accompanying letter of transmittal, or a facsimile of the letter of transmittal, in accordance with the instructions contained in the letter of transmittal, and mail or otherwise deliver prior to the expiration time the letter of transmittal, together with your outstanding notes, to the exchange agent at the address set forth under “The Exchange Offer — The Exchange Agent;” or• arrange for The Depository Trust Company to transmit to the exchange agent certain required information, including an agent’s message forming part of a book-entry transfer in which you agree to be bound by the terms of the letter of transmittal, and transfer the outstanding notes being tendered into the exchange agent’s account at The Depository Trust Company.

Guaranteed Delivery Procedures	If you wish to tender your outstanding notes and time will not permit your required documents to reach the exchange agent by the expiration time, or the procedures for book-entry transfer cannot be completed by the expiration time, you may tender your outstanding notes according to the guaranteed delivery procedures described in “The Exchange Offer — Guaranteed Delivery Procedures.”
Special Procedures for Beneficial Owners	If you beneficially own outstanding notes registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your outstanding notes in the exchange offer, you should contact the registered holder promptly and instruct it to tender on your behalf. See “The Exchange Offer — How to Tender Outstanding Notes for Exchange.”
Withdrawal of Tenders	You may withdraw your tender of outstanding notes at any time prior to the expiration time by delivering a written notice of withdrawal to the exchange agent in conformity with the procedures discussed under “The Exchange Offer — Withdrawal Rights.”

The exchange notes issued pursuant to the exchange offer will be delivered promptly following the expiration time. See “The Exchange Offer — Terms of the Exchange Offer; Expiration Time.”
Registration Rights Agreement	We are making the exchange offer pursuant to the registration rights agreement that we entered into on September 24, 2010 with the initial purchasers of the outstanding notes. As a result of making and consummating this exchange offer, we will have fulfilled our obligations under the registration rights agreement with respect to the registration of securities, subject to certain limited exceptions. If you do not tender your outstanding notes in the exchange offer, you will not have any further registration rights under the registration rights agreement or otherwise unless you were not eligible to participate in the exchange offer or do not receive freely tradable exchange notes in the exchange offer.

	<p>you as a result of market-making or other trading activities, and you will deliver a prospectus when you resell or transfer any exchange notes issued in the exchange offer. See “Plan of Distribution” for a description of the prospectus delivery obligations of broker-dealers in the exchange offer.</p> <p>If you do not meet these requirements, your resale of the exchange notes must comply with the registration and prospectus delivery requirements of the Securities Act.</p> <p>Our belief is based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties. The staff of the SEC has not considered this exchange offer in the context of a no-action letter, and we cannot assure you that the staff of the SEC would make a similar determination with respect to this exchange offer.</p> <p>If our belief is not accurate and you transfer an exchange note without delivering a prospectus meeting the requirements of the federal securities laws or without an exemption from these laws, you may incur liability under the federal securities laws. We do not and will not assume, or indemnify you against, this liability.</p> <p>See “The Exchange Offer — Consequences of Exchanging Outstanding Notes.”</p>
Consequences of Failure to Exchange Your Outstanding Notes	<p>If you do not exchange your outstanding notes for exchange notes in the exchange offer, your outstanding notes will continue to be subject to the restrictions on transfer provided in the legend on the outstanding notes and in the indenture governing the Notes. In general, the outstanding notes may not be offered or sold unless registered or sold in a transaction exempt from registration under the Securities Act and applicable state securities laws. Accordingly, the trading market for your untendered outstanding notes could be adversely affected.</p>
Exchange Agent	<p>The exchange agent for the exchange offer is Wells Fargo Bank, National Association. For additional information, see “The Exchange Offer — The Exchange Agent” and the accompanying letter of transmittal.</p>
Certain Federal Income Tax Considerations	<p>The exchange of your outstanding notes for exchange notes will not be a taxable exchange for United States federal income tax purposes. You should consult your own tax advisor as to the tax consequences to you of the exchange offer, as well as tax consequences of the ownership and disposition of the exchange notes. For additional information, see “Certain United States Federal Income Tax Considerations.”</p>

RISK FACTORS

Investing in the exchange notes involves various risks, including the risks described below and in the documents we incorporate by reference herein, including our 2010 10-K. You should carefully consider these risks and the other information contained in this prospectus before deciding to exchange any outstanding notes. These risks are not the only ones we face. Additional risks not presently known to us or that we currently deem immaterial may also impair our business operations, financial condition and results of operations. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The trading price of the exchange notes could decline due to any of these risks, and you may lose all or part of your investment. This prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the following risks faced by us and the risks described elsewhere in this prospectus. As used below, the term “Notes” refers to both the outstanding notes and the exchange notes .

Risk Factors Related to the Exchange Offer

We cannot assure you that an active trading market for the exchange notes will exist if you desire to sell the exchange notes.

There is no existing public market for the outstanding notes or the exchange notes. We do not intend to have the exchange notes listed on a national securities exchange or to arrange for quotation on any automated dealer quotation systems. Therefore, we cannot assure you as to the development or liquidity of any trading market for the exchange notes. The liquidity of any market for the exchange notes will depend on a number of factors, including:

- the number of holders of exchange notes;
- our operating performance and financial condition;
- the market for similar securities;
- the interest of securities dealers in making a market in the exchange notes; and
- prevailing interest rates.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the exchange notes. The market, if any, for the exchange notes may face similar disruptions that may adversely affect the prices at which you could sell your exchange notes. Therefore, you may not be able to sell your exchange notes at a particular time and the price that you receive when you sell may not be favorable.

You may have difficulty selling any outstanding notes that you do not exchange.

If you do not exchange your outstanding notes for exchange notes in the exchange offer, you will continue to hold outstanding notes subject to restrictions on their transfer. Those transfer restrictions are described in the indenture governing the outstanding notes and in the legend contained on the outstanding notes, and arose because we originally issued the outstanding notes under an exemption from the registration requirements of the Securities Act.

In general, you may offer or sell your outstanding notes only if they are registered under the Securities Act and applicable state securities laws, or if they are offered and sold under an exemption from those requirements. We do not currently intend to register the outstanding notes under the Securities Act or any state securities laws. If a substantial amount of the outstanding notes is exchanged for a like amount of the exchange notes issued in the exchange offer, the liquidity of your outstanding notes could be adversely affected. See “The Exchange Offer — Consequences of Failure to Exchange Outstanding Notes” for a discussion of additional consequences of failing to exchange your outstanding notes.

Risks Related to the Notes and the Guarantees

Our level of indebtedness could diminish our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or the chemicals industry and prevent us from meeting obligations under our indebtedness.

As of December 31, 2010, our total indebtedness was approximately \$3.2 billion. In addition, as of December 31, 2010 we have \$145 million available for borrowing under our credit-linked revolving facility and \$600 million available under our revolving credit facility.

Our level of indebtedness could have important consequences, including:

- increasing our vulnerability to general economic and industry conditions including exacerbating any adverse business effects that are determined to be material adverse effects for purposes of our senior credit facilities;
- requiring a substantial portion of our cash flow from operations to be dedicated to the payment of principal and interest on indebtedness, therefore reducing our ability to use our cash flow to fund operations, capital expenditures and future business opportunities or pay dividends on our common stock;
- exposing us to the risk of increased interest rates as certain of our borrowings are at variable rates of interest;
- limiting our ability to obtain additional financing for working capital, capital expenditures, product development, debt service requirements, acquisitions and general corporate or other purposes; and
- limiting our ability to adjust to changing market conditions and placing us at a competitive disadvantage compared to our competitors who have less debt.

We may be able to incur additional indebtedness in the future, which could increase the risks described above.

Although covenants under our senior credit facilities and the indenture governing the exchange notes will limit our ability to incur certain additional indebtedness, these restrictions are subject to a number of qualifications and exceptions, and the indebtedness we could incur in compliance with these restrictions could be significant. To the extent that we incur additional indebtedness, the risks associated with our leverage described above, including our possible inability to service our debt, including the exchange notes, would increase.

Our variable rate indebtedness subjects us to interest rate risk, which could cause our debt service obligations to increase significantly and affect our operating results.

Certain of our borrowings are at variable rates of interest and expose us to interest rate risk. If interest rates were to increase, our debt service obligations on our variable rate indebtedness would increase. As of December 31, 2010, we had \$1.6 billion, €296 million and CNY 1.5 billion of variable rate debt, of which \$1.5 billion and €150 million is hedged with interest rate swaps, which leaves \$73 million, €146 million and CNY 1.5 billion of variable rate debt subject to interest rate exposure. Accordingly, a 1% increase in interest rates would increase annual interest expense by approximately \$5 million.

We may not be able to generate sufficient cash to service our indebtedness, and may be forced to take other actions to satisfy obligations under our indebtedness, which may not be successful

Our ability to make scheduled payments on or to refinance our debt obligations depends on the financial condition and operating performance of our subsidiaries, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the exchange notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay capital expenditures, sell assets, seek additional capital or restructure or refinance our indebtedness. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. Certain covenants in our senior credit facilities restrict our ability to dispose of assets and use the proceeds from the disposition. We may not be able to consummate those dispositions or to obtain the proceeds which we could realize from them and these proceeds may not be adequate to meet any debt service obligations then due.

Restrictive covenants in our senior credit facilities and the indenture governing the outstanding notes and the exchange notes may limit our ability to engage in certain transactions and may diminish our ability to make payments on our indebtedness.

Our senior credit facilities and the indenture governing the outstanding notes and the exchange notes each contain various covenants that limit our ability to engage in specified types of transactions. The indenture governing the outstanding notes and the exchange notes limits the Issuer's and certain of its subsidiaries' ability to, among other things, incur additional debt; pay dividends or make other restricted payments; consummate specified asset sales; enter into transactions with affiliates; incur liens, impose restrictions on the ability of a subsidiary to pay dividends or make payments to the Issuer and its restricted subsidiaries; merge or consolidate with any other person; and sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer's assets or the assets of its restricted subsidiaries. See "Description of the Notes — Certain Covenants."

In addition, our senior credit facilities require us to maintain a maximum first lien senior secured leverage ratio if there are outstanding borrowings under the revolving credit facility. Our ability to meet this financial ratio can be affected by events beyond our control, and we may not be able to meet this test at all.

Such restrictions in our debt instruments could result in us having to obtain the consent of holders of the outstanding notes and the exchange notes and of our lenders in order to take certain actions. Disruptions in credit markets may prevent us from obtaining or make it more difficult or more costly for us to obtain such consents. Our ability to expand our business or to address declines in our business may be limited if we are unable to obtain such consents.

A breach of any of these covenants could result in a default, which, if not cured or waived, could have a material adverse effect on our business, financial condition and results of operations. Furthermore, a default under our senior credit facilities could permit lenders to accelerate the maturity of our indebtedness under our senior credit facilities and to terminate any commitments to lend. If we were unable to repay such indebtedness, the lenders under our senior credit facilities could proceed against the collateral granted to them to secure that indebtedness. Our subsidiaries have pledged a significant portion of our assets as collateral to secure our indebtedness under our senior credit facilities. If the lenders under our senior credit facilities accelerate the repayment of such indebtedness, we may not have sufficient assets to repay such amounts or our other indebtedness, including the exchange notes. In such event, we could be forced into bankruptcy or liquidation and, as a result, you could lose your investment in the exchange notes.

The Issuer and the Parent Guarantor are holding companies and depend on subsidiaries to satisfy their obligations under the exchange notes and the guarantee of the Issuer's obligations under the exchange notes by the Parent Guarantor.

As holding companies, the Issuer and the Parent Guarantor conduct substantially all of their operations through their subsidiaries, which own substantially all of our consolidated assets. Consequently, the principal source of cash to pay the Issuer's and Parent Guarantor's obligations, including obligations under the exchange notes and the guarantee of the Issuer's obligations under the exchange notes by the Parent Guarantor, is the cash that our subsidiaries generate from their operations. We cannot assure you that our subsidiaries will be able to, or be permitted to, make distributions to enable the Issuer and/or the Parent Guarantor to make payments in respect of their obligations. Each of our subsidiaries is a distinct legal entity and, under certain

circumstances, applicable state laws, regulatory limitations and terms of our debt instruments may limit the Issuer's and the Parent Guarantor's ability to obtain cash from our subsidiaries. While the indenture governing the exchange notes limits the ability of our subsidiaries to restrict their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain qualifications and exceptions, which may have the effect of significantly restricting the applicability of those limits. In the event the Issuer and the Parent Guarantor do not receive distributions from our subsidiaries, the Issuer and the Parent Guarantor may be unable to make required payments on the exchange notes, the guarantee of the Issuer's obligations under the exchange notes by the Parent Guarantor, or our other indebtedness.

Many of the covenants in the indenture governing the exchange notes would not apply during any period when the exchange notes are rated investment grade by Moody's and Standard & Poor's, and no default has occurred and is continuing.

Many of the covenants contained in the indenture governing the exchange notes will not apply during any period when the exchange notes are rated investment grade by Moody's and Standard & Poor's, and no default has occurred and is continuing. There can be no assurance that the exchange notes will ever be rated investment grade, or that if they are rated investment grade, that the exchange notes will maintain such ratings. However, suspension of these covenants will allow us to engage in certain actions that would not have been permitted were these covenants in force, and the effects of any such actions that we take while these covenants are not in force will be permitted to remain in place even if the exchange notes are subsequently downgraded below investment grade and the covenants are reinstated. See "Description of the Notes — Suspension of Covenants."

Federal and state statutes could allow courts, under specific circumstances, to void or subordinate the exchange notes or any of the subsidiary guarantees and require note holders to return payments received from the Issuer or the Subsidiary Guarantors.

Under federal bankruptcy law and comparable provisions of state fraudulent transfer laws, the exchange notes or any of the guarantees thereof by the Subsidiary Guarantors could be voided, or claims in respect of the exchange notes or any of the guarantees thereof by the Subsidiary Guarantors could be subordinated to all of the Issuer's indebtedness or that of the Subsidiary Guarantors if, among other things, the Issuer or a Subsidiary Guarantor, at the time the Issuer or such Subsidiary Guarantor incurred the indebtedness evidenced by the exchange notes or such guarantee:

- received less than reasonably equivalent value or fair consideration for the issuance of the exchange notes or for the incurrence of such guarantee; and
- were insolvent or rendered insolvent by reason of such incurrence; or
- were engaged in a business or transaction for which the Issuer's or the Subsidiary Guarantor's remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that the Issuer or the Subsidiary Guarantor would incur, debts beyond the Issuer's or the Subsidiary Guarantor's ability to pay such debts as they mature; or
- the Issuer or any of the Subsidiary Guarantors was a defendant in an action for money damages docketed against the Issuer or such Subsidiary Guarantor if, in either case, after final judgment, the judgment was unsatisfied.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied. A court would likely find that the Issuer or a Subsidiary Guarantor did not receive reasonably equivalent value or fair consideration for the exchange notes or its guarantee, respectively, if the Issuer or such Subsidiary Guarantor did not substantially benefit directly or indirectly from the issuance of the exchange notes. A bankruptcy court could also void the exchange notes or a guarantee if it found that the Issuer or the Subsidiary Guarantors issued the exchange notes or the guarantees with the actual intent to hinder, delay or defraud creditors.

We cannot be certain as to the standards a court would use to determine whether or not the Issuer or the Subsidiary Guarantors were solvent at the relevant time or, regardless of the standard that a court uses, whether the exchange notes or the guarantees would be subordinated to the Issuer's or any of the Subsidiary Guarantors' other debt. In general, however, a court would deem an entity insolvent if:

- the sum of its debts, including contingent and unliquidated liabilities, was greater than the fair saleable value of all of its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they became due.

If a court were to void the issuance of the exchange notes or the incurrence of the guarantees as the result of a fraudulent transfer or conveyance, or hold such obligations unenforceable for any other reason, holders of the exchange notes would cease to have a claim against the Issuer or that Subsidiary Guarantor on its guarantee. A court could also subordinate the exchange notes or any of the guarantees to the other indebtedness of the Issuer or the applicable Subsidiary Guarantor, direct that holders of the exchange notes return any amounts paid under the exchange notes or a guarantee to the Issuer or the applicable Subsidiary Guarantor or to a fund for the benefit of its creditors, or take other action detrimental to the holders of the exchange notes.

Each guarantee will contain a provision intended to limit the Subsidiary Guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer. Each Subsidiary Guarantor that makes a payment or distribution under a guarantee will be entitled to a contribution from each other Subsidiary Guarantor in an amount *pro rata*, based on the net assets of each Subsidiary Guarantor. These provisions may not be effective to protect the guarantees from being voided under fraudulent transfer or conveyance law.

We may be unable to purchase the exchange notes upon a change of control event.

Upon a change of control event, as defined in the indenture governing the exchange notes, the Issuer is required to offer to purchase all of the exchange notes then outstanding for cash at 101% of the principal amount thereof plus accrued and unpaid interest, if any. Similarly, the occurrence of a change of control could create an event of default under the Senior Credit Agreement, permitting the lenders to accelerate the maturity of the Issuer's indebtedness under the Senior Credit Agreement and terminate their commitments to lend under the Issuer's revolving credit facility. If a change of control event occurs, the Issuer may not have sufficient funds to pay the change of control purchase price with respect to the exchange notes or to repay its outstanding indebtedness under the Senior Credit Agreement, and may be required to secure new third party financing to do so. The Issuer may not be able to obtain this financing on commercially reasonable terms, or on terms acceptable to us, or at all. The Issuer's failure to repurchase the exchange notes upon a change of control event would constitute an event of default under the indenture.

The change of control event provisions in the indenture governing the exchange notes may not protect you in the event we consummate a highly leveraged transaction, reorganization, restructuring, merger or other similar transaction, unless such transaction constitutes a change of control event under the indenture. Such a transaction may not involve a change in voting power or beneficial ownership or, even if it does, may not involve a change in the magnitude required under the definition of change of control in the indenture to trigger the Issuer's obligation to repurchase the exchange notes. Except as otherwise described above, the indenture does not contain provisions that permit the holders of the exchange notes to require the Issuer to repurchase or redeem the exchange notes in the event of a takeover, recapitalization or similar transaction. See "Description of the Notes — Repurchase at the Option of Holders — Change of Control Event."

Your right to receive payments on the exchange notes will be effectively subordinated to the right of lenders who have a security interest in our assets, to the extent of the value of those assets.

Subject to the restrictions in the indenture governing the exchange notes, we, including our subsidiaries, may incur significant additional indebtedness secured by assets. If we are declared bankrupt or insolvent, or if we default under any of our existing or future indebtedness secured by assets, the holders of such indebtedness could declare all of the funds borrowed thereunder, together with accrued interest, immediately due and payable. If we were unable to repay such indebtedness, the holders of such indebtedness could, to the extent of such indebtedness, foreclose on such assets to the exclusion of holders of the exchange notes. In any such event, because the exchange notes will not be secured by our assets, remaining proceeds, if any, from the sale of such assets will be available to pay obligations on the exchange notes only after such indebtedness has been paid in full.

The exchange notes will be structurally subordinated to all indebtedness of our current subsidiaries that are not, and any of our future subsidiaries that do not become, guarantors of the exchange notes.

The exchange notes will, subject to certain exceptions, be guaranteed by those of our domestic subsidiaries that guarantee the Senior Credit Agreement. Each of our current subsidiaries that is not, and any future subsidiary that does not become, a Subsidiary Guarantor under the Senior Credit Agreement, and therefore under the exchange notes, will have no obligation, contingent or otherwise, to pay amounts due under the exchange notes or to make any funds available to pay those amounts, whether by dividend, distribution, loan or other payment. The exchange notes will be structurally subordinated to all indebtedness and other obligations of any non-guarantor subsidiary such that, in the event of insolvency, liquidation, reorganization, dissolution or other winding up of any subsidiary that is not a guarantor of the exchange notes, all of such subsidiary's creditors (including trade creditors and preferred stockholders, if any) would be entitled to payment in full out of such subsidiary's assets before we (and therefore the holders of the exchange notes) would be entitled to any payment.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth information regarding our ratio of earnings to fixed charges for the periods shown. In calculating the ratio of earnings to fixed charges, earnings represent the sum of (i) earnings (loss) continuing operations before taxes, (ii) income distributions from equity method investees, (iii) amortization of capitalized interest and (iv) total fixed charges, minus equity in net earnings of affiliates. Fixed charges represent the sum of (i) interest expense, (ii) capitalized interest, (iii) the estimated interest portion of rent expense, (iv) cumulative preferred stock dividends and (v) guaranteed payments to minority shareholders.

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the exchange notes. In consideration for issuing the exchange notes, we will receive outstanding notes in like original principal amount at maturity. All outstanding notes received in the exchange offer will be cancelled. Because we are exchanging the exchange notes for the outstanding notes, which have substantially identical terms, the issuance of the exchange notes will not result in any increase in our indebtedness. The exchange offer is intended to satisfy our obligations under the registration rights agreement executed in connection with the sale of the outstanding notes.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

This exchange offer is being made pursuant to the registration rights agreement we entered into with the initial purchasers of the outstanding notes on September 24, 2010. The summary of the registration rights agreement contained herein does not purport to be complete and is qualified in its entirety by reference to the registration rights agreement. A copy of the registration rights agreement is filed as an exhibit to the registration statement of which this prospectus forms a part.

Terms of the Exchange Offer; Expiration Time

This prospectus and the accompanying letter of transmittal together constitute the exchange offer. Subject to the terms and conditions in this prospectus and the letter of transmittal, we will accept for exchange outstanding notes that are validly tendered at or before the expiration time and are not validly withdrawn as permitted below. The expiration time for the exchange offer is 5:00 p.m., New York City time, on April 12, 2011, or such later date and time to which we, in our sole discretion, extend the exchange offer.

We expressly reserve the right, in our sole discretion:

- to extend the expiration time;
- if any of the conditions set forth below under “— Conditions to the Exchange Offer” has not been satisfied, to terminate the exchange offer and not accept any outstanding notes for exchange; and
- to amend the exchange offer in any manner.

We will give oral or written notice of any extension, delay, non-acceptance, termination or amendment as promptly as practicable by a public announcement, and in the case of an extension, no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration time. In the event of a material change in the exchange offer, including the waiver of a material condition, we will extend the offer period if necessary so that at least five business days remain in the exchange offer following notice of the material change.

During an extension, all outstanding notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us, upon expiration of the exchange offer, unless validly withdrawn.

Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See “Plan of Distribution.”

How to Tender Outstanding Notes for Exchange

Only a record holder of outstanding notes may tender in the exchange offer. When the holder of outstanding notes tenders and we accept outstanding notes for exchange, a binding agreement between us and the tendering holder is created, subject to the terms and conditions in this prospectus and the accompanying

letter of transmittal. Except as set forth below, a holder of outstanding notes who desires to tender outstanding notes for exchange must, at or prior to the expiration time:

- transmit a properly completed and duly executed letter of transmittal, the outstanding notes being tendered and all other documents required by such letter of transmittal, to Wells Fargo Bank, National Association, the exchange agent, at the address set forth below under the heading “— The Exchange Agent”; or
- if outstanding notes are tendered pursuant to the book-entry procedures set forth below, an agent’s message must be transmitted by The Depository Trust Company (DTC) to the exchange agent at the address set forth below under the heading “— The Exchange Agent,” and the exchange agent must receive, at or prior to the expiration time, a confirmation of the book-entry transfer of the outstanding notes being tendered into the exchange agent’s account at DTC, along with the agent’s message; or
- if time will not permit the required documentation to reach the exchange agent before the expiration time, or the procedures for book-entry transfer cannot be completed by the expiration time, the holder may effect a tender by complying with the guaranteed delivery procedures described below.

The term “agent’s message” means a message that:

- is transmitted by DTC;
- is received by the exchange agent and forms a part of a book-entry transfer;
- states that DTC has received an express acknowledgement that the tendering holder has received and agrees to be bound by, and makes each of the representations and warranties contained in, the letter of transmittal; and
- states that we may enforce the letter of transmittal against such holder.

The method of delivery of the outstanding notes, the letter of transmittal or agent’s message and all other required documents to the exchange agent is at the election and sole risk of the holder. If such delivery is by mail, we recommend registered mail, properly insured, with return receipt requested. In all cases, you should allow sufficient time to assure timely delivery. No letters of transmittal or outstanding notes should be sent directly to us.

Signatures on a letter of transmittal must be guaranteed unless the outstanding notes surrendered for exchange are tendered:

- by a holder of outstanding notes who has not completed the box entitled “Special Issuance Instructions” or “Special Delivery Instructions” on the letter of transmittal; or
- for the account of an eligible institution. The term “eligible institution” means an institution that is a member in good standing of a Medallion Signature Guarantee Program recognized by the Exchange Agent, for example, the Securities Transfer Agents Medallion Program, the Stock Exchanges Medallion Program or the New York Stock Exchange Medallion Signature Program. An eligible institution includes firms that are members of a registered national securities exchange, members of the National Association of Securities Dealers, Inc., commercial banks or trust companies having an office in the United States or certain other eligible guarantors.

If signatures on a letter of transmittal or notice of withdrawal are required to be guaranteed, the guarantor must be an eligible institution. If outstanding notes are registered in the name of a person other than the person who signed the letter of transmittal, the outstanding notes tendered for exchange must be endorsed by, or accompanied by a written instrument or instruments of transfer or exchange, in satisfactory form as determined by us in our sole discretion, duly executed by the registered holder with the registered holder’s signature guaranteed by an eligible institution.

We will determine in our sole discretion all questions as to the validity, form and eligibility (including time of receipt) of outstanding notes tendered for exchange and all other required documents. We reserve the absolute right to:

- reject any and all tenders of any outstanding note not validly tendered;
- refuse to accept any outstanding note if, in our judgment or the judgment of our counsel, acceptance of the outstanding note may be deemed unlawful;
- waive any defects or irregularities or conditions of the exchange offer; and
- determine the eligibility of any holder who seeks to tender outstanding notes in the exchange offer.

Our determinations under, and of the terms and conditions of, the exchange offer, including the letter of transmittal and the instructions to it, or as to any questions with respect to the tender of any outstanding notes, will be final and binding on all parties. To the extent we waive any conditions to the exchange offer, we will waive such conditions as to all outstanding notes. Holders must cure any defects and irregularities in connection with tenders of outstanding notes for exchange within such reasonable period of time as we will determine, unless we waive such defects or irregularities. Neither we, the exchange agent nor any other person will be under any duty to give notification of any defect or irregularity with respect to any tender of outstanding notes for exchange, nor will any of us incur any liability for failure to give such notification.

If you beneficially own outstanding notes registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your outstanding notes in the exchange offer, you should contact the registered holder promptly and instruct it to tender on your behalf.

WE MAKE NO RECOMMENDATION TO THE HOLDERS OF THE OUTSTANDING NOTES AS TO WHETHER TO TENDER OR REFRAIN FROM TENDERING ALL OR ANY PORTION OF THEIR OUTSTANDING NOTES IN THE EXCHANGE OFFER. IN ADDITION, WE HAVE NOT AUTHORIZED ANYONE TO MAKE ANY SUCH RECOMMENDATION. HOLDERS OF THE OUTSTANDING NOTES MUST MAKE THEIR OWN DECISION AS TO WHETHER TO TENDER PURSUANT TO THE EXCHANGE OFFER AND, IF SO, THE AGGREGATE AMOUNT OF OUTSTANDING NOTES TO TENDER, AFTER READING THIS PROSPECTUS AND THE LETTER OF TRANSMITTAL AND CONSULTING WITH THEIR ADVISERS, IF ANY, BASED ON THEIR FINANCIAL POSITIONS AND REQUIREMENTS.

Book-Entry Transfers

Any financial institution that is a participant in DTC's system must make book-entry delivery of outstanding notes by causing DTC to transfer the outstanding notes into the exchange agent's account at DTC in accordance with DTC's Automated Tender Offer Program, known as ATOP. Such participant should transmit its acceptance to DTC at or prior to the expiration time or comply with the guaranteed delivery procedures described below. DTC will verify such acceptance, execute a book-entry transfer of the tendered outstanding notes into the exchange agent's account at DTC and then send to the exchange agent confirmation of such book-entry transfer. The confirmation of such book-entry transfer will include an agent's message. The letter of transmittal or facsimile thereof or an agent's message, with any required signature guarantees and any other required documents, must be transmitted to and received by the exchange agent at the address set forth below under "— The Exchange Agent" at or prior to the expiration time of the exchange offer, or the holder must comply with the guaranteed delivery procedures described below.

Guaranteed Delivery Procedures

If a holder of outstanding notes desires to tender such outstanding notes and the holder's outstanding notes are not immediately available, or time will not permit such holder's outstanding notes or other required documents to reach the exchange agent before the expiration time, or the procedure for book-entry transfer cannot be completed on a timely basis, a tender may be effected if:

- at or prior to the expiration time, the exchange agent receives from an eligible institution a validly completed and executed notice of guaranteed delivery, substantially in the form accompanying this

prospectus, by facsimile transmission, mail or hand delivery, setting forth the name and address of the holder of the outstanding notes being tendered and the amount of the outstanding notes being tendered. The notice of guaranteed delivery will state that the tender is being made and guarantee that within three New York Stock Exchange trading days after the date of execution of the notice of guaranteed delivery, the certificates for all physically tendered outstanding notes, in proper form for transfer, or a book-entry confirmation, as the case may be, together with a validly completed and executed letter of transmittal with any required signature guarantees or an agent's message and any other documents required by the letter of transmittal, will be transmitted to the exchange agent; and

- the exchange agent receives the certificates for all physically tendered outstanding notes, in proper form for transfer, or a book-entry confirmation, as the case may be, together with a validly completed and executed letter of transmittal with any required signature guarantees or an agent's message and any other documents required by the letter of transmittal, within three New York Stock Exchange trading days after the date of execution of the notice of guaranteed delivery.

The notice of guaranteed delivery must be received prior to the expiration time.

Withdrawal Rights

You may withdraw tenders of your outstanding notes at any time prior to the expiration time.

For a withdrawal to be effective, a written notice of withdrawal, by facsimile or by mail, must be received by the exchange agent, at the address set forth below under “— The Exchange Agent,” prior to the expiration time. Any such notice of withdrawal must:

- specify the name of the person having tendered the outstanding notes to be withdrawn;
- identify the outstanding notes to be withdrawn, including the principal amount of such outstanding notes;
- where outstanding notes have been tendered pursuant to the procedure for book-entry transfer described above, specify the name and number of the account at DTC to be credited with the withdrawn outstanding notes and otherwise comply with the procedures of DTC; and
- bear the signature of the holder in the same manner as the original signature on the letter of transmittal, if any, by which such outstanding notes were tendered, with such signature guaranteed by an eligible institution, unless such holder is an eligible institution.

We will determine all questions as to the validity, form and eligibility (including time of receipt) of such notices and our determination will be final and binding on all parties. Any tendered outstanding notes validly withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Properly withdrawn notes may be re-tendered by following one of the procedures described under “— How to Tender Outstanding Notes for Exchange” above at any time at or prior to the expiration time.

Acceptance of Outstanding Notes for Exchange; Delivery of Exchange Notes

All of the conditions to the exchange offer must be satisfied or waived at or prior to the expiration of the exchange offer. Promptly following the expiration time we will accept for exchange all outstanding notes validly tendered and not validly withdrawn as of such date. We will promptly issue exchange notes for all validly tendered outstanding notes. For purposes of the exchange offer, we will be deemed to have accepted validly tendered outstanding notes for exchange when, as and if we have given oral or written notice to the exchange agent, with written confirmation of any oral notice to be given promptly thereafter. See “— Conditions to the Exchange Offer” for a discussion of the conditions that must be satisfied before we accept any outstanding notes for exchange.

For each outstanding note accepted for exchange, the holder will receive an exchange note registered under the Securities Act having a principal amount equal to, and in the denomination of, that of the surrendered outstanding note. Holders whose outstanding notes are exchanged for exchange notes will not

receive a payment in respect of interest accrued but unpaid on such outstanding notes from the most recent interest payment date up to but excluding the settlement date. Instead, interest on the exchange notes received in exchange for such outstanding notes will (i) accrue from the last date on which interest was paid on such outstanding notes and (ii) accrue at the same rate as and be payable on the same dates as interest was payable on such outstanding notes. Accordingly, registered holders of exchange notes that are outstanding on the relevant record date for the first interest payment date following the consummation of the exchange offer will receive interest accruing from the most recent date through which interest has been paid on the outstanding notes. However, if any interest payment occurs prior to the settlement date on any outstanding notes already tendered for exchange in the exchange offer, the holder of such outstanding notes will be entitled to receive such interest payment. Outstanding notes that we accept for exchange will cease to accrue interest from and after the date of consummation of the exchange offer.

If we do not accept any tendered outstanding notes, or if a holder submits outstanding notes for a greater principal amount than the holder desires to exchange, we will return such unaccepted or non-exchanged outstanding notes without cost to the tendering holder. In the case of outstanding notes tendered by book-entry transfer into the exchange agent's account at DTC, such non-exchanged outstanding notes will be credited to an account maintained with DTC. We will return the outstanding notes or have them credited to DTC promptly after the withdrawal, rejection of tender or termination of the exchange offer, as applicable.

Conditions to the Exchange Offer

The exchange offer is not conditioned upon the tender of any minimum principal amount of outstanding notes. Notwithstanding any other provision of the exchange offer, or any extension of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any outstanding notes and may terminate or amend the exchange offer, by oral (promptly confirmed in writing) or written notice to the exchange agent or by a timely press release, if at any time before the expiration of the exchange offer, any of the following conditions exist:

- any action or proceeding is instituted or threatened in any court or by or before any governmental agency challenging the exchange offer or that we believe might be expected to prohibit or materially impair our ability to proceed with the exchange offer;
- any stop order is threatened or in effect with respect to either (1) the registration statement of which this prospectus forms a part or (2) the qualification of the Indenture governing the Notes under the Trust Indenture Act of 1939, as amended;
- any law, rule or regulation is enacted, adopted, proposed or interpreted that we believe might be expected to prohibit or impair our ability to proceed with the exchange offer or to materially impair the ability of holders generally to receive freely tradable exchange notes in the exchange offer. See “— Consequences of Failure to Exchange Outstanding Notes”;
- any change or a development involving a prospective change in our business, properties, assets, liabilities, financial condition, operations or results of operations taken as a whole, that is or may be adverse to us;
- any declaration of war, armed hostilities or other similar international calamity directly or indirectly involving the United States, or the worsening of any such condition that existed at the time that we commence the exchange offer; or
- we become aware of facts that, in our reasonable judgment, have or may have adverse significance with respect to the value of the outstanding notes or the exchange notes to be issued in the exchange offer.

Accounting Treatment

For accounting purposes, we will not recognize gain or loss upon the issuance of the exchange notes for outstanding notes.

Fees and Expenses

We will not make any payment to brokers, dealers, or others soliciting acceptance of the exchange offer except for reimbursement of mailing expenses. We will pay the cash expenses to be incurred in connection with the exchange offer, including:

- SEC registration fees;
- fees and expenses of the exchange agent and trustee;
- our accounting and legal fees;
- printing fees; and
- related fees and expenses.

Transfer Taxes

Holders who tender their outstanding notes for exchange will not be obligated to pay any transfer taxes in connection with the exchange. If, however, exchange notes issued in the exchange offer are to be delivered to, or are to be issued in the name of, any person other than the holder of the outstanding notes tendered, or if a transfer tax is imposed for any reason other than the exchange of outstanding notes in connection with the exchange offer, then the holder must pay these transfer taxes, whether imposed on the registered holder or on any other person. If satisfactory evidence of payment of or exemption from these taxes is not submitted with the letter of transmittal, the amount of these transfer taxes will be billed directly to the tendering holder.

Consequences of Failure to Exchange Outstanding Notes

Outstanding notes that are not tendered or are tendered but not accepted will, following the consummation of the exchange offer, continue to be subject to the provisions in the Indenture and the legend contained on the outstanding notes regarding the transfer restrictions of the outstanding notes. In general, outstanding notes, unless registered under the Securities Act, may not be offered or sold except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not currently anticipate that we will take any action to register under the Securities Act or under any state securities laws the outstanding notes that are not tendered in the exchange offer or that are tendered in the exchange offer but are not accepted for exchange.

Holders of the exchange notes and any outstanding notes that remain outstanding after consummation of the exchange offer will vote together as a single series for purposes of determining whether holders of the requisite percentage of the series have taken certain actions or exercised certain rights under the Indenture.

Consequences of Exchanging Outstanding Notes

We have not requested, and do not intend to request, an interpretation by the staff of the SEC as to whether the exchange notes issued in the exchange offer may be offered for sale, resold or otherwise transferred by any holder without compliance with the registration and prospectus delivery provisions of the Securities Act. However, based on interpretations of the staff of the SEC, as set forth in a series of no-action letters issued to third parties, we believe that the exchange notes may be offered for resale, resold or otherwise transferred by holders of those exchange notes without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

- the holder is not an “affiliate” of ours within the meaning of Rule 405 promulgated under the Securities Act;
- the exchange notes issued in the exchange offer are acquired in the ordinary course of the holder’s business;
- neither the holder, nor, to the actual knowledge of such holder, any other person receiving exchange notes from such holder, has any arrangement or understanding with any person to participate in the distribution of the exchange notes issued in the exchange offer;
- if the holder is not a broker-dealer, the holder is not engaged in, and does not intend to engage in, a distribution of the exchange notes; and
- if such a holder is a broker-dealer, such broker-dealer will receive the exchange notes for its own account in exchange for outstanding notes and;
- such outstanding notes were acquired by such broker-dealer as a result of market-making or other trading activities; and

- it will deliver a prospectus meeting the requirements of the Securities Act in connection with the resale of exchange notes issued in the exchange offer, and will comply with the applicable provisions of the Securities Act with respect to resale of any exchange notes. (In no-action letters issued to third parties, the SEC has taken the position that broker-dealers may fulfill their prospectus delivery requirements with respect to exchange notes (other than a resale of an unsold allotment from the original sale of outstanding notes) by delivery of the prospectus relating to the exchange offer). See “Plan of Distribution” for a discussion of the exchange and resale obligations of broker-dealers in connection with the exchange offer.

Each holder participating in the exchange offer will be required to furnish us with a written representation in the letter of transmittal that they meet each of these conditions and agree to these terms.

However, because the SEC has not considered the exchange offer for our outstanding notes in the context of a no-action letter, we cannot guarantee that the staff of the SEC would make similar determinations with respect to this exchange offer. If our belief is not accurate and you transfer an exchange note without delivering a prospectus meeting the requirements of the federal securities laws or without an exemption from these laws, you may incur liability under the federal securities laws. We do not and will not assume, or indemnify you against, this liability.

Any holder that is an affiliate of ours or that tenders outstanding notes in the exchange offer for the purpose of participating in a distribution:

- may not rely on the applicable interpretation of the SEC staff’s position contained in Exxon Capital Holdings Corp., SEC No-Action Letter (April 13, 1988), Morgan, Stanley & Co., Inc., SEC No-Action Letter (June 5, 1991) and Shearman & Sterling, SEC No-Action Letter (July 2, 1993); and
- must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

The exchange notes issued in the exchange offer may not be offered or sold in any state unless they have been registered or qualified for sale in such state or an exemption from registration or qualification is available and complied with by the holders selling the exchange notes. We currently do not intend to register or qualify the sale of the exchange notes in any state where we would not otherwise be required to qualify.

Filing of Shelf Registration Statements

Under the registration rights agreement we agreed, among other things, that in the event that (1) any changes in law or the applicable interpretations of the staff of the SEC do not permit the Issuer to effect the exchange offer, (2) for any other reason the exchange offer is not consummated on or before the 270th day after the original issue date of the outstanding notes, or (3) any holder of outstanding notes (other than the initial purchasers) is not eligible to participate in the exchange offer, the Issuer will, at its expense, (a) as promptly as practicable, file with the SEC a shelf registration statement covering resales of the outstanding notes and use commercially reasonable efforts to cause the shelf registration statement to be declared effective and (b) use commercially reasonable efforts to keep the shelf registration statement effective until the earlier of (i) one year from the effective date of the shelf registration statement and (ii) the date all outstanding notes covered by the shelf registration statement have been sold as contemplated in the shelf registration statement (such period referred to in clauses (b)(i) and (b)(ii) of this paragraph, the “Shelf Registration Period”).

The Issuer will, in the event of the filing of the shelf registration statement, provide to each holder of outstanding notes copies of the prospectus that is a part of the shelf registration statement, notify each such holder when the shelf registration statement has become effective and take certain other actions as are required to permit unrestricted resales of the outstanding notes. A holder of outstanding notes that sells its notes pursuant to the shelf registration statement generally (1) will be required to be named as a selling security holder in the related prospectus and to deliver a prospectus to purchasers, (2) will be subject to certain of the civil liability provisions under the Securities Act in connection with such sales and (3) will be bound by the provisions of the registration rights agreement that are applicable to such a holder (including certain indemnification rights and obligations thereunder). In addition, holders of outstanding notes will be required to

Table of Contents

deliver information to be used in connection with the shelf registration statement and to provide comments on the shelf registration statement within the time periods set forth in the registration rights agreement to have their outstanding notes included in the shelf registration statement.

Although we intend, if required, to file the shelf registration statement, we cannot assure you that the shelf registration statement will be filed or, if filed, that it will become or remain effective.

The foregoing description is a summary of certain provisions of the registration rights agreement. It does not restate the registration rights agreement in its entirety. We urge you to read the registration rights agreement, which is an exhibit to the registration statement of which this prospectus forms a part and can also be obtained from us. See “Where You Can Find More Information.”

DESCRIPTION OF THE NOTES

You can find the definitions of certain terms used in this description under the subheading “— Certain Definitions.” In this description, the term “Issuer” refers only to Celanese US Holdings LLC, and not to any of its subsidiaries.

The exchange notes will be issued under an indenture (the “Indenture”) dated as of September 24, 2010 by and among the Issuer, the Guarantors and Wells Fargo Bank, National Association, as trustee (the “Trustee”). The terms of the exchange notes are identical in all material respects to the terms of the outstanding notes, except the exchange notes will not contain transfer restrictions and holders of new notes will no longer have any registration rights and we will not be obligated to pay Additional Interest as described in the registration rights agreement. We refer to exchange notes and outstanding notes (to the extent not exchanged for exchange notes) in this section as the “Notes.”

The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939. The following description is a summary of the material provisions of the Indenture. It does not restate the Indenture in its entirety. We urge you to read the Indenture because it, and not this description, defines your rights as holders of the Notes. Copies of the Indenture are available as set forth under “Available Information and Incorporation by Reference.” Certain defined terms used in this description but not defined below under “— Certain Definitions” have the meanings assigned to them in the Indenture.

The registered holder of any Note will be treated as the owner of it for all purposes. Only registered holders will have rights under the Indenture.

Principal, Maturity and Interest

The Issuer will issue up to \$600 million aggregate principal amount of exchange notes. The Indenture governing the Notes provides for the issuance of additional Notes (the “Additional Notes”), subject to compliance with the covenants contained in the Indenture. Any Additional Notes will be part of the same issue as the Notes and will vote on all matters with the Notes. Such Additional Notes will be identical in all material respects to the Notes, except that Notes offered in the future will have different issuance dates and may have different issuance prices and may not have the benefit of any registration rights. Unless the context requires otherwise, for all purposes of the Indenture and this “Description of the Notes,” references to “Notes” include any additional Notes that are actually issued. The Notes will mature on October 15, 2018.

The Notes will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Interest on the Notes will accrue at the rate of 6.625% per annum and will be payable semi-annually in arrears on April 15 and October 15. The Issuer will make each interest payment to the holders of record of the Notes on the immediately preceding April 1 and October 1. Interest on the Notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Payments on the Notes

Principal of, premium, if any, and interest on the Notes will be payable at the office or agency maintained by the Issuer for such purposes or, at the option of the Issuer, payment of interest may be made by check mailed to the holders of the Notes at their respective addresses set forth in the register of holders; *provided* that all payments of principal, premium, if any, and interest with respect to the Notes represented by one or more global notes registered in the name of or held by The Depository Trust Company (“DTC”) or its nominee will be made through the facilities of DTC. Until otherwise designated by the Issuer, the Issuer’s office or agency will be the office of the Trustee maintained for such purpose.

Paying Agent and Registrar for the Notes

The Trustee will initially act as paying agent and registrar. The Issuer may change the paying agent or registrar without prior notice to the holders, and the Issuer or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. The Issuer is not required to transfer or exchange any Note selected for redemption or repurchase. Also, the Issuer is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed or repurchased.

Guarantees

The Notes will be guaranteed by the Parent Guarantor and each direct and indirect Restricted Subsidiary that guarantees the Issuer's obligations under the Credit Agreement. The Guarantors will jointly and severally guarantee the Issuer's obligations under the Indenture and the Notes on a senior unsecured, full and unconditional basis. The obligations of each Guarantor (other than a company that is a direct or indirect parent of the Issuer) under its Guarantee will be limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law. By virtue of this limitation, a Guarantor's obligation under its Guarantee could be significantly less than amounts payable with respect to the Notes, or a Guarantor may have effectively no obligation under its Guarantee. See "Risk Factors — Risks Related to the Notes and the Guarantees — *Federal and state statutes could allow courts, under specific circumstances, to void or subordinate the exchange notes or any of the subsidiary guarantees and require note holders to return payments received from the Issuer or the Subsidiary Guarantors.*" In an effort to alleviate the effect of this limitation, each Guarantor that makes a payment or distribution under a Guarantee will be entitled to a contribution from each other Guarantor (if any) in an amount *pro rata*, based on the net assets of each Guarantor.

Each Guarantor may consolidate with or merge into or sell its assets to the Issuer or another Guarantor without limitation, or with, into or to any other Person upon the terms and conditions set forth in the Indenture. See "— Certain Covenants — Merger, Consolidation or Sale of Assets."

A Guarantor shall be automatically and unconditionally released and discharged from all of its obligations under its Guarantee of the Notes if:

- (a) (i) all of its assets or Capital Stock is sold or transferred, in each case in a transaction in compliance with the covenant described under "— Repurchase at the Option of Holders — Asset Sales," (ii) the Guarantor merges with or into, or consolidates with or amalgamates with, or transfers all or substantially all of its assets to, another Person in compliance with the covenant described under "— Certain Covenants — Merger, Consolidation or Sale of Assets," (iii) such Guarantor is designated an Unrestricted Subsidiary in accordance with the terms of the Indenture, (iv) in connection with any (direct or indirect) sale of Capital Stock or other transaction that results in the Subsidiary Guarantor ceasing to be a Subsidiary of the Issuer, if the sale or other transaction complies with the provisions of the covenant described under "— Repurchase at the Option of Holders — Asset Sales;" or (v) upon legal defeasance of the notes or satisfaction and discharge of the Indenture as provided below under the captions "— Legal Defeasance and Covenant Defeasance" and "— Satisfaction and Discharge;"
- (b) such Guarantor has delivered to the Trustee a certificate of a Responsible Officer and an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to such transaction have been complied with; and
- (c) such Guarantor is released from its guarantee of the Credit Agreement.

The Guarantee by the Parent Guarantor is being provided solely for the purpose of allowing the Issuer to satisfy its reporting obligations under the Indenture governing the Notes by furnishing financial information relating to the Parent Guarantor instead of the Issuer. The Guarantee of the Parent Guarantor may be released at any time after the offering upon the option of the Issuer and the Parent Guarantor; *provided* that the Guarantee of the Parent Guarantor shall not be released prior to the merger of Holdings into the Issuer as described under “Certain Covenants — Limitation on Holdings; Merger of Holdings into the Issuer.”

Ranking

Senior Debt

The Notes will be general unsecured obligations of the Issuer that rank senior in right of payment to all existing and future Indebtedness that is expressly subordinated in right of payment to the Notes. The Notes will rank equally in right of payment with all existing and future liabilities of the Issuer that are not so subordinated and will be effectively subordinated to all of the Issuer’s Secured Debt (to the extent of the value of the assets securing such Indebtedness) and liabilities of our Subsidiaries that do not guarantee the Notes. In the event of bankruptcy, liquidation, reorganization or other winding up of the Issuer or the Guarantors or upon a default in payment with respect to, or the acceleration of, any Indebtedness under the Credit Agreement or other senior secured Indebtedness, the assets of the Issuer and the Guarantors that secure such senior secured Indebtedness will be available to pay obligations on the Notes and the Guarantees only after all Indebtedness under such Credit Agreement and other senior secured Indebtedness has been repaid in full from such assets. We advise you that there may not be sufficient assets remaining to pay amounts due on any or all the Notes and the Guarantees then outstanding.

Liabilities of Subsidiaries versus Notes

Some of the Subsidiaries of the Issuer will not guarantee the Notes, and, as described above under “— Guarantees,” Guarantees of Subsidiaries may be released under certain circumstances. In addition, future Subsidiaries of the Issuer may not be required to guarantee the Notes. Claims of creditors of any Subsidiaries that are not Guarantors, including trade creditors and creditors holding indebtedness or guarantees issued by such Subsidiaries, and claims of preferred stockholders of such Subsidiaries generally will have priority with respect to the assets and earnings of such Subsidiaries over the claims of creditors of the Issuer, including holders of the Notes. Accordingly, the Notes and each Guarantee will be effectively subordinated to creditors (including trade creditors) and preferred stockholders, if any, of such Subsidiaries that are not Guarantors.

Although the Indenture limits the incurrence of Indebtedness and preferred stock by the Issuer and certain of its Subsidiaries, such limitation is subject to a number of significant qualifications. Moreover, the Indenture does not impose any limitation on the incurrence by such Subsidiaries of liabilities that are not considered Indebtedness under the Indenture. See “— Certain Covenants — Incurrence of Indebtedness and Issuance of Preferred Stock.”

Optional Redemption

At any time on or prior to October 15, 2013, the Issuer may on any one or more occasions redeem up to 35% of the aggregate principal amount of the Notes issued under the Indenture (calculated after giving effect to any issuance of Additional Notes) at a redemption price of 106.625% of the principal amount of the Notes plus accrued and unpaid interest and Additional Interest, if any, to the redemption date with the net cash proceeds of one or more Equity Offerings; *provided* that:

- (1) at least 50% of the aggregate principal amount of Notes (calculated after giving effect to any issuance of Additional Notes) issued under the Indenture shall remain outstanding immediately after the occurrence of such redemption (excluding Notes held by the Issuer and its Subsidiaries); and
- (2) the redemption shall occur within 90 days of the date of the closing of such Equity Offering.

The Notes may be redeemed, in whole or in part, at any time prior to October 15, 2014, at the option of the Issuer upon not less than 30 nor more than 60 days’ prior notice mailed by first-class mail to each holder’s

registered address, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to, the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

On or after October 15, 2014, the Issuer may redeem all or a part of the Notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Additional Interest, if any, on the Notes to be redeemed, if any, to the applicable redemption date, if redeemed during the twelve-month period beginning on October 15 of the years indicated below:

<u>Year</u>	<u>Percentage</u>
2014	103.313%
2015	101.656%
2016 and thereafter	100.000%

The Issuer may acquire Notes by means other than a redemption, whether by tender offer, open market purchases, negotiated transactions or otherwise, in accordance with applicable securities laws, so long as such acquisition does not otherwise violate the terms of the Indenture.

Mandatory Redemption

The Issuer is not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Repurchase at the Option of Holders

Change of Control Event

If a Change of Control Event occurs, each holder of Notes will have the right to require the Issuer to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's Notes pursuant to a Change of Control Offer on the terms set forth in the Indenture. In the Change of Control Offer, the Issuer will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest and Additional Interest, if any, on the Notes repurchased, to the date of purchase. Within 30 days following any Change of Control Event, the Issuer will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control Payment Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such conflict.

On the Change of Control Payment Date, the Issuer will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes properly tendered; and
- (3) deliver or cause to be delivered to the Trustee the Notes properly accepted together with an officers' certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by the Issuer.

The paying agent will promptly mail to each holder of Notes properly tendered the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each new Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

The provisions described above that require the Issuer to make a Change of Control Offer following a Change of Control Event will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control Event, the Indenture contains no provisions that permit the holders of the Notes to require that the Issuer repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Issuer will not be required to make a Change of Control Offer upon a Change of Control Event if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer or (2) notice of redemption has been given pursuant to the Indenture as described above under the caption “— Optional Redemption”, unless and until there is a default in the payment of the applicable redemption price. Notwithstanding anything to the contrary contained herein, a Change of Control Offer may be made in advance of a Change of Control Event or conditional upon the occurrence of a Change of Control Event, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made and such Change of Control Offer is otherwise made in compliance with the provisions of this covenant.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of the Issuer and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require the Issuer to repurchase its Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of the Issuer and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Also see “Risk Factors — Risks Related to the Notes and the Guarantees — *We may be unable to purchase the exchange notes upon a change of control event.*”

Asset Sales

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) the Issuer (or such Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of; and

(2) at least 75% of the consideration received in the Asset Sale by the Issuer or such Restricted Subsidiary is in the form of cash or Cash Equivalents.

For purposes of clause (2) above and for no other purpose, the amount of (i) any liabilities (as shown on the Issuer’s or such Restricted Subsidiary’s most recent balance sheet or in the notes thereto) of the Issuer or any Restricted Subsidiary (other than liabilities that are by their terms subordinated to the Notes or the Guarantees) that are assumed by the transferee of any such assets, (ii) any securities received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the receipt thereof, (iii) the fair market value (as determined in good faith by the Issuer) of (A) any assets (other than securities) received by the Issuer or any Restricted Subsidiary to be used by it in a Permitted Business, (B) Equity Interests in a Person that is a Restricted Subsidiary or in a Person engaged in a Permitted Business that shall become a Restricted Subsidiary immediately upon the acquisition of such Person by the Issuer or any Restricted Subsidiary or (C) a combination of (A) and (B), and (iv) any Designated Non-cash Consideration received by the Issuer or

any of its Restricted Subsidiaries in such Asset Sale having an aggregate fair market value (as determined in good faith by the Issuer), taken together with all other Designated Non-cash Consideration received pursuant to this clause (iv) that is at that time outstanding, not to exceed 5.0% of Total Assets at the time of the receipt of such Designated Non-cash Consideration (with the fair market value of each item of Designated Non-cash Consideration being measured at the time received without giving effect to subsequent changes in value) shall be deemed to be cash.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, the Issuer may apply those Net Proceeds at its option to:

(1) permanently reduce Obligations under Secured Debt of the Issuer or a Guarantor (and to correspondingly reduce commitments with respect thereto) or Indebtedness of a Restricted Subsidiary that is not a Guarantor, in each case other than Indebtedness owed to the Issuer or a Subsidiary of the Issuer;

(2) make an investment in (A) any one or more businesses; *provided* that such investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or a Restricted Subsidiary owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (B) capital expenditures or (C) other assets, in each of (A), (B) and (C), used or useful in a Permitted Business; and/or

(3) make an investment in (A) any one or more businesses; *provided* that such investment in any business is in the form of the acquisition of Capital Stock and it results in the Issuer or a Restricted Subsidiary owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (B) properties or (C) assets that, in each of (A), (B) and (C), replace the businesses, properties and assets that are the subject of such Asset Sale.

Any Net Proceeds from an Asset Sale not applied or invested in accordance with the preceding paragraph within 365 days from the date of the receipt of such Net Proceeds shall constitute "Excess Proceeds," *provided* that if during such 365-day period the Issuer or a Restricted Subsidiary enters into a definitive binding agreement committing it to apply such Net Proceeds in accordance with the requirements of clause (2) or (3) of the immediately preceding paragraph after such 365th day, such 365-day period will be extended with respect to the amount of Net Proceeds so committed for a period not to exceed 180 days until such Net Proceeds are required to be applied in accordance with such agreement (or, if earlier, until termination of such agreement).

When the aggregate amount of Excess Proceeds exceeds \$40.0 million, the Issuer or the applicable Restricted Subsidiary will make an offer (an "Asset Sale Offer") to all holders of Notes and, at the option of the Issuer, Indebtedness that ranks *pari passu* with the Notes and contains provisions similar to those set forth in the Indenture with respect to mandatory prepayments, redemptions or offers to purchase with the proceeds of sales of assets, to purchase, on a *pro rata* basis, the maximum principal amount of Notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of principal amount plus accrued and unpaid interest and Additional Interest, if any, to the date of purchase, and will be payable in cash.

Pending the final application of any Net Proceeds, the Issuer or such Restricted Subsidiary may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the Indenture.

If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Issuer or the applicable Restricted Subsidiary may use those Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee will select the Notes to be purchased on a *pro rata* basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any

securities laws or regulations conflict with the Asset Sale provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the Indenture by virtue of such conflict.

Selection and Notice

If less than all of the Notes under the Indenture are to be redeemed at any time, the Trustee will select Notes for redemption as follows:

- (1) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes are listed; or
- (2) if the Notes are not listed on any national securities exchange, on a *pro rata* basis to the extent practicable.

However, no Notes of \$2,000 or less will be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of Notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. Notices of redemption may not be conditional.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount of that Note that is to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the holder of Notes upon cancellation of the original Note. However, no Notes of \$2,000 or less will be redeemed in part. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption if funds sufficient to pay the redemption price have been deposited with a paying agent.

Suspension of Covenants

During any period of time (a "Suspension Period") after the Issue Date that (i) the Notes have Investment Grade Ratings from each of S&P and Moody's (or, if either (or both) of S&P and Moody's have been substituted in accordance with the definition of "Rating Agencies", by each of the then applicable Rating Agencies) and (ii) no Default has occurred and is continuing under the indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a "Covenant Suspension Event"), the Issuer and its Restricted Subsidiaries will not be subject to the covenants in the indenture specifically listed under the following captions in this "Description of the Notes" section of this prospectus (the "Suspended Covenants"):

- (1) "— Repurchase at the Option of Holders — Asset Sales";
- (2) "— Certain Covenants — Restricted Payments";
- (3) "— Certain Covenants — Incurrence of Indebtedness and Issuance of Preferred Stock";
- (4) "— Certain Covenants — Dividend and Other Payment Restrictions Affecting Subsidiaries";
- (5) clause (4) of the first paragraph of "— Certain Covenants — Merger, Consolidation or Sale of Assets";
- (6) "— Certain Covenants — Transactions with Affiliates"; and
- (7) "— Certain Covenants — Business Activities."

Additionally, upon the occurrence of a Covenant Suspension Event, the amount of Excess Proceeds from Net Proceeds shall be reset at zero.

In the event that the Issuer and its Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the foregoing, and on any subsequent date (the "Reversion Date") the

condition set forth in clause (i) of the first paragraph of this section is no longer satisfied, then the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Suspended Covenant with respect to future events.

In the event of any such reinstatement, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Suspended Covenants during a Suspension Period (or on the Reversion Date or after the Suspension Period based solely on events that occurred during the Suspension Period).

On each Reversion Date, all Indebtedness incurred during the Suspension Period prior to such Reversion Date will be deemed to be Existing Indebtedness. For purposes of calculating the amount available to be made as Restricted Payments under clause (3) of the first paragraph of “— Certain Covenants — Restricted Payments”, calculations under such covenant shall be made as though such covenant had been in effect during the entire period of time after the Issue Date (including the Suspension Period). Restricted Payments made during the Suspension Period not otherwise permitted pursuant to the second paragraph of the “Restricted Payments” covenant will reduce the amount available to be made as Restricted Payments under clause (3) of the first paragraph of such covenant.

There can be no assurance that the Notes will ever achieve or maintain an Investment Grade Rating from any Rating Agency.

(a) 50% of the Consolidated Net Income of the Issuer for the period (taken as one accounting period) from the beginning of the first fiscal quarter commencing after the Issue Date, to the end of the Issuer’s most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, in the case such Consolidated Net Income for such period is a deficit, minus 100% of such deficit), *plus*

(e) in the case of the redesignation of an Unrestricted Subsidiary as a Restricted Subsidiary or the merger or consolidation of an Unrestricted Subsidiary into the Issuer or a Restricted Subsidiary or the transfer of assets of an Unrestricted Subsidiary to the Issuer or a Restricted Subsidiary, the fair market value of the Investment in such Unrestricted Subsidiary, as determined by the Board of Directors in good faith at the time of the redesignation of such Unrestricted Subsidiary as a Restricted Subsidiary or at the time of such merger, consolidation or transfer of assets (other than an Unrestricted Subsidiary to the extent the Investment in such Unrestricted Subsidiary was made by a Restricted Subsidiary pursuant to

clause (5) or (14) of the next succeeding paragraph or to the extent such Investment constituted a Permitted Investment).

actually received by the Issuer from any such sale of Designated Preferred Stock issued after the Issue Date;

(18) the making of any Restricted Payment if, at the time of the making of such Restricted Payment, and after giving effect thereto (including, without limitation, the incurrence of any Indebtedness to finance such payment), the Consolidated Total Leverage Ratio would not exceed 3.50 to 1.00;

provided, however, that at the time of, and after giving effect to, any Restricted Payment permitted under clauses (2) (with respect to the payment of dividends on Refunding Capital Stock pursuant to clause (B) thereof), (5), (7), (11), (13), (14), (15), (16), (17) and (18) above, no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof.

Notwithstanding the foregoing, none of the provisions described above under “Certain Covenants — Restricted Payments” will encumber or restrict the ability of the Issuer and its Restricted Subsidiaries to pay dividends or make any other distributions or make cash advances to Holdings; *provided, however*, that (i) to the extent any such payments, distributions, or cash advances that are Restricted Payments are made after the Issue Date and are not otherwise permitted by clauses (2), (3), (4), (6), (8), (9), (10), (12), (14), (15), (17) and (18) of the second paragraph above, such Restricted Payments will be included in the calculation of the aggregate amount of all Restricted Payments made after the Issue Date for purposes of clause (3) of the first paragraph above, and (ii) Holdings shall not be permitted to use any amounts paid to it as dividends, distributions, or cash advances pursuant to this paragraph to declare or pay any dividend or make any other payment or distribution on account of Holdings’ Equity Interests, to purchase, redeem or otherwise acquire or retire for value any Equity Interests of Holdings or any direct or indirect parent corporation of Holdings or to make any Investment or otherwise transfer any such amounts to any other Person other than the Issuer or any Restricted Subsidiary; *provided further, however*, that this paragraph shall cease to apply upon the merger of Holdings with and into the Issuer as contemplated by the covenant described under “Certain Covenants — Limitations on Holdings; Merger of Holdings into the Issuer.”

The amount of all Restricted Payments (other than cash) will be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Issuer or such Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant will be determined in good faith by the Board of Directors.

The Issuer will not permit any Unrestricted Subsidiary to become a Restricted Subsidiary except pursuant to the second to last sentence of the definition of Unrestricted Subsidiary. For purposes of designating any Restricted Subsidiary as an Unrestricted Subsidiary, all outstanding investments by the Issuer and the Restricted Subsidiaries (except to the extent repaid) in the Subsidiary so designated will be deemed to be Restricted Payments in an amount determined as set forth in the second paragraph of the definition of Investments. Such designation will be permitted only if a Restricted Payment in such amount would be permitted at such time under this covenant or the definition of Permitted Investments and if such Subsidiary

otherwise meets the definition of an Unrestricted Subsidiary. Unrestricted Subsidiaries will not be subject to any of the restrictive covenants described in this summary.

The Indenture will not treat (1) unsecured Indebtedness as subordinated or junior to Indebtedness secured by a Lien merely because it is unsecured or (2) Indebtedness (other than Subordinated Indebtedness) as subordinated or junior to any other such Indebtedness merely because it has a junior priority with respect to the same collateral.

Incurrence of Indebtedness and Issuance of Preferred Stock

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, “incur”) any Indebtedness (including Acquired Debt), and the Issuer will not permit any of its Restricted Subsidiaries to issue any shares of Preferred Stock; *provided, however*, that the Issuer and any Restricted Subsidiary may incur Indebtedness (including Acquired Debt) and any Restricted Subsidiary may issue Preferred Stock if the Fixed Charge Coverage Ratio for the Issuer’s most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Preferred Stock is issued would have been at least 2.00 to 1.00, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the Preferred Stock had been issued, as the case may be, and the application of proceeds therefrom had occurred at the beginning of such four-quarter period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following (collectively, “Permitted Debt”):

(1) Indebtedness under Credit Facilities together with the incurrence of the guarantees thereunder and the issuance and creation of letters of credit and bankers’ acceptances thereunder (with letters of credit and bankers’ acceptances being deemed to have a principal amount equal to the face amount thereof), up to an aggregate principal amount of \$3,500.0 million outstanding at any one time;

(2) Indebtedness represented by the Notes issued on the Issue Date (including any Guarantee);

(5) Indebtedness incurred by the Issuer or any Restricted Subsidiary constituting reimbursement obligations with respect to letters of credit issued in the ordinary course of business, including without limitation letters of credit in respect of workers’ compensation claims, health, disability or other employee benefits or property, casualty or liability insurance or self-insurance or other Indebtedness with respect to reimbursement-type obligations regarding workers’ compensation claims;

(6) customary indemnification, adjustment of purchase price or similar obligations, in each case, incurred in connection with the acquisition or disposition of any assets of Issuer or any Restricted Subsidiary (other than guarantees of Indebtedness incurred by any Person acquiring all or any portion of such assets for the purpose of financing such acquisition) and earnout provisions or contingent payments in respect of purchase price or adjustment of purchase price or similar obligations in acquisition agreements;

(7) Indebtedness of the Issuer owed to and held by any Restricted Subsidiary or Indebtedness of a Restricted Subsidiary owed to and held by the Issuer or any Restricted Subsidiary; *provided, however*, that (A) any subsequent issuance or transfer of any Capital Stock or any other event that results in any

such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any subsequent transfer of any such Indebtedness (except to the Issuer or a Restricted Subsidiary) shall be deemed, in each case, to constitute the incurrence of such Indebtedness by the issuer thereof and (B) if the Issuer or any Guarantor is the obligor on such Indebtedness owing to a Restricted Subsidiary that is not a Guarantor, such Indebtedness is expressly subordinated to the prior payment in full in cash of all obligations of the Issuer with respect to the Notes or of such Guarantor with respect to its Guarantee;

(8) shares of Preferred Stock of a Restricted Subsidiary issued to the Issuer or a Restricted Subsidiary; *provided* that any subsequent issuance or transfer of any Capital Stock or any other event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any other subsequent transfer of any such shares of Preferred Stock (except to the Issuer or a Restricted Subsidiary) shall be deemed in each case to be an issuance of such shares of Preferred Stock;

(9) Hedging Obligations of the Issuer or any Restricted Subsidiary (excluding Hedging Obligations entered into for speculative purposes) for the purpose of limiting (A) interest rate risk with respect to any Indebtedness that is permitted by the terms of the Indenture to be outstanding or (B) exchange rate risk with respect to any currency exchange or (C) commodity risk;

(10) obligations in respect of performance, bid, appeal and surety bonds and performance and completion guarantees provided by the Issuer or any Restricted Subsidiary or obligations in respect of letters of credit related thereto, in each case provided in the ordinary course of business, including those incurred to secure health, safety and environmental obligations in the ordinary course of business

(11) Indebtedness of the Issuer or any Restricted Subsidiary or Preferred Stock of any Restricted Subsidiary not otherwise permitted hereunder in an aggregate principal amount or liquidation preference which, when aggregated with the principal amount and liquidation preference of all other Indebtedness and Preferred Stock then outstanding and incurred pursuant to this clause (11), does not at any one time outstanding exceed the greater of (x) \$500.0 million and (y) 5.0% of Total Assets;

(12) any guarantee by the Issuer or a Restricted Subsidiary of Indebtedness or other obligations of any Restricted Subsidiary so long as the incurrence of such Indebtedness or obligations incurred by such Restricted Subsidiary is permitted under the terms of the Indenture;

(13) the incurrence by the Issuer or any Restricted Subsidiary of Indebtedness or Preferred Stock that serves to refund or refinance any Indebtedness incurred as permitted under the first paragraph of this covenant and clause (2), (3) or (4) above, this clause (13) or clause (14) below or any Indebtedness issued to so refund or refinance such Indebtedness including additional Indebtedness incurred to pay premiums and fees in connection therewith (the "Refinancing Indebtedness") prior to its respective maturity; *provided, however*, that such Refinancing Indebtedness (A) has a Weighted Average Life to Maturity at the time such Refinancing Indebtedness is incurred which is not less than the remaining Weighted Average Life to Maturity of the Indebtedness being refunded or refinanced, (B) to the extent such Refinancing Indebtedness refinances Indebtedness subordinated to the Notes, such Refinancing Indebtedness is subordinated to the Notes at least to the same extent as the Indebtedness being refinanced or refunded, (C) shall not include (x) Indebtedness or Preferred Stock of a Subsidiary that is not a Guarantor that refinances Indebtedness or Preferred Stock of the Issuer or a Guarantor or (y) Indebtedness or Preferred Stock of the Issuer or a Restricted Subsidiary that refinances Indebtedness or Preferred Stock of an Unrestricted Subsidiary, (D) shall not be in a principal amount in excess of the principal amount of, premium, if any, accrued interest on, and related fees and expenses of, the Indebtedness being refunded or refinanced and fees and expenses incurred in connection with such Refinancing Indebtedness and (E) shall not have a stated maturity date prior to the Stated Maturity of the Indebtedness being refunded or refinanced;

(14) Indebtedness or Preferred Stock of Persons that are acquired by the Issuer or any Restricted Subsidiary or merged into the Issuer or a Restricted Subsidiary in accordance with the terms of the Indenture; *provided* that such Indebtedness or Preferred Stock is not incurred in connection with or in contemplation of such acquisition or merger; and *provided, further*, that after giving effect to such

acquisition or merger, either (A) the Issuer or such Restricted Subsidiary would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of this covenant or (B) the Fixed Charge Coverage Ratio would be greater than immediately prior to such acquisition;

(15) Indebtedness arising from the honoring by a bank or financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business, *provided* that such Indebtedness, other than credit or purchase cards, is extinguished within five business days of its incurrence;

(18) Indebtedness of Foreign Subsidiaries of the Issuer incurred for working capital purposes; *provided*, *however*, that the aggregate principal amount of Indebtedness Incurred under this clause (18) does not exceed the greater of (x) \$500.0 million and (y) 5.0% of the consolidated assets of the Foreign Subsidiaries;

(19) Indebtedness incurred on behalf of or representing Guarantees of Indebtedness of joint ventures not in excess of the greater of (x) \$150.0 million and (y) 2.0% of Total Assets at any time outstanding;

(21) letters of credit issued for the account of a Restricted Subsidiary that is not a Guarantor (and the reimbursement obligations in respect of which are not guaranteed by a Guarantor) in support of a Captive Insurance Subsidiary's reinsurance of insurance policies issued for the benefit of Restricted Subsidiaries and other letters of credit or bank guarantees having an aggregate face amount not in excess of the greater of (x) \$200.0 million and (y) 3.0% of Total Assets;

For purposes of determining compliance with this “— Incurrence of Indebtedness and Issuance of Preferred Stock” covenant,

1. in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (23) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, the Issuer will be permitted to classify and later from time to time reclassify such item of Indebtedness in any manner that complies with this covenant, and such item of Indebtedness will be treated as having been incurred pursuant to only one of such categories;

2. the outstanding principal amount of any particular Indebtedness shall be counted only once such that (without limitation) any obligation arising under any guarantee, Lien, letter of credit or similar instrument supporting such Debt shall be disregarded;

3. accrual of interest, the accretion of accreted value and the payment of interest in the form of additional Indebtedness will not be deemed to be an incurrence of Indebtedness for purposes of this covenant;

4. Indebtedness under the Credit Agreement outstanding on the date on which Notes are first issued and authenticated under the Indenture will be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt;

5. where Debt is denominated in a currency other than U.S. Dollars, the amount of such Debt will be the U.S. Dollar Equivalent determined on the date of such Incurrence; *provided, however*, that if any such Debt that is denominated in a different currency is subject to a currency Hedge Agreement with respect to U.S. Dollars covering principal payable on such Indebtedness, the amount of such Indebtedness expressed in U.S. Dollars will be adjusted to take into account the effect of such agreement; *provided further, however*, that if any Indebtedness is incurred to refinance other Indebtedness denominated in a currency other than U.S. Dollars, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if the U.S. Dollar Equivalent is calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness (denominated in such non-U.S. dollar currency) does not exceed the principal amount of such Indebtedness being refinanced (denominated in the same currency) except to the extent that such U.S. Dollar Equivalent was determined based on a currency Hedge Agreement, in which case the principal amount of the refinancing Indebtedness will be determined in accordance with the preceding sentence; and

6. the maximum amount of Indebtedness that the Issuer and its Restricted Subsidiaries may incur pursuant to this covenant shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, solely as a result of fluctuations in the exchange rate of currencies.

Liens

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur, assume or suffer to exist any Lien (other than Permitted Liens) of any nature whatsoever against any assets of the Issuer or any Restricted Subsidiary (including Capital Stock of a Restricted Subsidiary), whether owned at the Issue Date or thereafter acquired, which Lien secures Indebtedness or trade payables, unless contemporaneously therewith:

(1) in the case of any Lien securing an obligation that ranks *pari passu* with the Notes or a Guarantee, effective provision is made to secure the Notes or such Guarantee, as the case may be, at least equally and ratably with or prior to such obligation with a Lien on the same assets of the Issuer or such Restricted Subsidiary, as the case may be; and

(2) in the case of any Lien securing Subordinated Indebtedness, effective provision is made to secure the Notes or such Guarantee, as the case may be, with a Lien on the same assets of the Issuer or such Restricted Subsidiary, as the case may be, that is prior to the Lien securing such Subordinated Indebtedness.

Dividend and Other Payment Restrictions Affecting Subsidiaries

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any such Restricted Subsidiary to:

(1) pay dividends or make any other distributions on its Capital Stock to the Issuer or any of its Restricted Subsidiaries, or pay any Indebtedness owed to the Issuer or any of its Restricted Subsidiaries;

(2) make loans or advances to the Issuer or any of its Restricted Subsidiaries; or

(3) sell, lease or transfer any of its properties or assets to the Issuer or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

- (1) contractual encumbrances or restrictions in effect on the Issue Date, including, without limitation, pursuant to Existing Indebtedness or the Credit Agreement and related documentation;
- (2) the Indenture, the Notes and the Guarantees;
- (3) purchase money obligations for property acquired in the ordinary course of business that impose restrictions of the nature discussed in clause (3) above in the first paragraph of this covenant on the property so acquired;
- (4) applicable law or any applicable rule, regulation or order;
- (5) any agreement or other instrument of a Person acquired by the Issuer or any Restricted Subsidiary in existence at the time of such acquisition (but not created in contemplation thereof), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired;
- (6) contracts for the sale of assets, including, without limitation, customary restrictions with respect to a Subsidiary pursuant to an agreement that has been entered into for the sale or disposition of all or substantially all of the Capital Stock or assets of such Subsidiary;
- (7) Secured Debt otherwise permitted to be incurred pursuant to the covenants described under the captions “— Incurrence of Indebtedness and Issuance of Preferred Stock” and “— Liens” that limits the right of the debtor to dispose of the assets securing such Indebtedness;
- (8) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;
- (9) other Indebtedness of Restricted Subsidiaries (i) that are the Issuer or Guarantors which Indebtedness is permitted to be incurred pursuant to an agreement entered into subsequent to the Issue Date in accordance with the covenant described under “— Incurrence of Indebtedness and Issuance of Preferred Stock” or (ii) that are Foreign Subsidiaries so long as such encumbrances or restrictions apply only to such Foreign Subsidiary or its Capital Stock or any Subsidiary of such Foreign Subsidiary;
- (10) customary provisions in joint venture agreements and other similar agreements entered into in the ordinary course of business;
- (11) customary provisions contained in leases or licenses of intellectual property and other similar agreements entered into in the ordinary course of business;
- (12) customary provisions restricting subletting or assignment of any lease governing a leasehold interest;
- (13) customary provisions restricting assignment of any agreement entered into in the ordinary course of business;
- (14) any encumbrances or restrictions of the type referred to in clauses (1), (2) and (3) of the first paragraph above imposed by any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (1), (2) and (5) above, *provided* that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Board of Directors, no more restrictive with respect to such dividend and other payment restrictions than those contained in the dividend or other payment restrictions prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing; or
- (15) any encumbrance or restriction of a Securitization Subsidiary effected in connection with a Qualified Securitization Financing; *provided*, *however*, that such restrictions apply only to such Securitization Subsidiary.

Merger, Consolidation or Sale of Assets

Consolidation, Merger or Sale of Assets of the Issuer

The Issuer may not, directly or indirectly: (1) consolidate or merge with or into or wind up into another Person (whether or not the Issuer is the surviving Person); or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to another Person; unless:

(1) either: (a) the Issuer is the surviving Person; or (b) the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation, limited liability company or limited partnership organized or existing under the laws of the jurisdiction of organization of the Issuer or the United States, any state of the United States, the District of Columbia or any territory thereof (the Issuer or such Person, as the case may be, hereinafter referred to as the “Successor Company”);

(2) the Successor Company (if other than the Issuer) expressly assumes all the obligations of the Issuer under the Notes, the Indenture and the registration rights agreement pursuant to agreements reasonably satisfactory to the Trustee;

(3) immediately after such transaction no Default or Event of Default exists;

(4) after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, either (A) the Successor Company (if other than the Issuer), would have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under “— Incurrence of Indebtedness and Issuance of Preferred Stock” determined on a pro forma basis (including pro forma application of the net proceeds therefrom), as if such transaction had occurred at the beginning of such four-quarter period, or (B) the Fixed Charge Coverage Ratio for the Successor Company and its Restricted Subsidiaries would be greater than such ratio for the Issuer and its Restricted Subsidiaries immediately prior to such transaction;

(5) each Guarantor, unless it is the other party to the transactions described above, in which case clause (2) shall apply, shall have confirmed in writing that its Guarantee shall apply to such Person’s obligations under the Notes, the Indenture and the registration rights agreement; and

(6) the Issuer shall have delivered to the Trustee a certificate from a Responsible Officer and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such amendment or supplement (if any) comply with the Indenture.

The Successor Company will succeed to, and be substituted for, the Issuer under the Indenture and the Notes. Notwithstanding the foregoing clauses (3) and (4), (a) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its properties and assets to the Issuer or to another Restricted Subsidiary and (b) the Issuer may merge with an Affiliate incorporated solely for the purpose of reincorporating the Issuer in a (or another) state of the United States, so long as the amount of Indebtedness of the Issuer and its Restricted Subsidiaries is not increased thereby.

Consolidation, Merger or Sale of Assets by a Guarantor

Subject to the provisions described under “— Guarantees,” no Guarantor (other than the Parent Guarantor) shall consolidate or merge with or into or wind up into (whether or not such Guarantor is the surviving Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions to, any Person, unless:

(1) such Guarantor is the surviving Person or the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, limited liability company or limited partnership organized or existing under the laws of the United States, any state thereof, the District of

Columbia or any territory thereof (such Guarantor or such Person, as the case may be, being herein called the “Successor Guarantor”);

(2) the Successor Guarantor (if other than such Guarantor) expressly assumes all the obligations of such Guarantor under the Indenture pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(3) immediately after such transaction no Default or Event of Default exists; and

(4) the Issuer shall have delivered to the Trustee a certificate from a Responsible Officer and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such amendment or supplement (if any) comply with the Indenture.

The Successor Guarantor will succeed to, and be substituted for, such Guarantor under the Indenture and the registration rights agreement. Notwithstanding the foregoing, (1) a Guarantor may merge with an Affiliate incorporated solely for the purpose of reincorporating such Guarantor in another state of the United States, the District of Columbia or any territory thereof, so long as the amount of Indebtedness of the Guarantor is not increased thereby, (2) any Guarantor may merge into or transfer all or part of its properties and assets to the Issuer or another Guarantor and (3) a transfer of assets or Capital Stock of any Guarantor shall be permitted (including all or substantially all the assets of any Guarantor), *provided* such transfer complies with the covenant described under “— Repurchase at the Option of Holders — Asset Sales.” Notwithstanding anything to the contrary herein, except as expressly permitted under the Indenture no Guarantor shall be permitted to consolidate with, merge into or transfer all or part of its properties and assets to the Parent Guarantor.

Transactions with Affiliates

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (each, an “Affiliate Transaction”) involving aggregate consideration in excess of \$10.0 million, unless:

(1) the Affiliate Transaction is on terms that are not materially less favorable, taken as a whole, to the Issuer or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Issuer or such Restricted Subsidiary with an unrelated Person on an arms-length basis; and

(2) the Issuer delivers to the Trustee, with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$40.0 million, a resolution of the Board of Directors set forth in an Officers’ Certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members, if any, of the Board of Directors.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) transactions between or among the Issuer and/or any Restricted Subsidiary or any entity that becomes a Restricted Subsidiary as a result of such transaction or any entity that is an Affiliate solely as a result of the Issuer or any Restricted Subsidiary owning Capital Stock thereof;

(2) Restricted Payments and Permitted Investments (other than pursuant to clause (12) thereof) permitted by the Indenture;

(3) the payment of reasonable and customary fees paid to, and indemnities provided on behalf of, officers, directors, employees or consultants of the Issuer, any Restricted Subsidiary or (to the extent such person renders services to the businesses of the Issuer and its Subsidiaries) any of the Issuer’s direct or indirect parent entities;

(4) transactions in which the Issuer or any Restricted Subsidiary delivers to the Trustee a letter from an Independent Financial Advisor stating that such transaction is fair to the Issuer or such Restricted Subsidiary from a financial point of view;

(5) payments or loans (or cancellations of loans) to employees or consultants of the Issuer, any Restricted Subsidiary or (to the extent such person renders services to the businesses of the Issuer and its Subsidiaries) any of the Issuer's direct or indirect parent entities, which are approved by a majority of the Board of Directors in good faith and which are otherwise permitted under the Indenture;

(6) payments made or performance under any agreement as in effect on the Issue Date or any amendment thereto (so long as any such amendment is not less advantageous to the holders of the Notes in any material respect than the original agreement as in effect on the Issue Date);

(7) transactions with customers, clients, suppliers, or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture that are fair to the Issuer or the Restricted Subsidiaries, in the reasonable determination of the members of the Board of Directors or the senior management of the Issuer, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party;

(8) if otherwise permitted hereunder, the issuance of Equity Interests (other than Disqualified Stock);

(9) any transaction effected as part of a Qualified Securitization Financing;

(10) any employment agreements entered into by the Issuer or any of the Restricted Subsidiaries in the ordinary course of business;

(11) transactions with joint ventures for the purchase or sale of chemicals, equipment and services entered into in the ordinary course of business; and

(12) any issuance of securities, or other payments, awards or grants in cash, securities or otherwise pursuant to, or the funding of, employment arrangements, pension plans, stock options and stock ownership plans approved by the Board of Directors.

Business Activities

The Issuer will not, and will not permit any Restricted Subsidiary (other than a Securitization Subsidiary) to, engage in any business other than Permitted Businesses, except to such extent as would not be material to the Issuer and its Subsidiaries taken as a whole.

Payments for Consent

The Issuer will not, and will not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid and is paid to all holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Additional Guarantees

After the Issue Date, the Issuer will cause each Restricted Subsidiary that guarantees any Indebtedness of the Issuer or any of the Guarantors under the Credit Agreement, in each case, substantially at the same time, to execute and deliver to the Trustee a Guarantee pursuant to which such Restricted Subsidiary will unconditionally Guarantee, on a joint and several basis, the full and prompt payment of the principal of, premium, if any and interest on the Notes and all other obligations under the Indenture on the same terms and conditions as those set forth in the Indenture.

Limitations on Holdings; Merger of Holdings into the Issuer

The Parent Guarantor shall (i) at all times own, directly or indirectly, 100% of the Equity Interests of Holdings and (ii) cause Holdings not to have any Subsidiaries other than the Issuer. Holdings shall not hold any assets, other than the Equity Interests of the Issuer, and shall not become liable for any obligations or engage in any business activities other than such obligations or business activities in existence on the Issue Date. On or prior to the date that is two months following the Issue Date, the Parent Guarantor will cause Holdings to merge with and into the Issuer, with the Issuer being the surviving Person following such merger.

Reports

Whether or not required by the Commission, so long as any Notes are outstanding, the Issuer will electronically file with the Commission by the respective dates specified in the Commission's rules and regulations (the "Required Filing Date"), unless, in any such case, such filings are not then permitted by the Commission:

(1) all quarterly and annual financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Issuer were required to file such Forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report on the annual financial statements by the Issuer's certified independent accountants; and

(2) all current reports that would be required to be filed with the Commission on Form 8-K if the Issuer were required to file such reports;

If such filings with Commission are not then permitted by the Commission, or such filings are not generally available on the Internet free of charge, the Issuer will, within 15 days of each Required Filing Date, transmit by mail to holders of the Notes, as their names and addresses appear in the Note register, without cost to such holders of the Notes, and file with the Trustee copies of the information or reports that the Issuer would be required to file with the Commission pursuant to the first paragraph if such filing were then permitted. In addition, the Issuer has agreed that at any time during the one-year period following the Issue Date it is not required to file the information and reports required by the preceding paragraphs with the Commission, it will furnish to the holders of the Notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

So long as the Parent Guarantor is a Guarantor (there being no obligation of the Parent Guarantor to do so), holds no material assets other than cash, Cash Equivalents and the Capital Stock of the Issuer (and performs the related incidental activities associated with such ownership) and complies with the requirements of Rule 3-10 of Regulation S-X promulgated by the Commission (or any successor provision), the reports, information and other documents required to be filed and furnished to holders of the Notes pursuant to this covenant may, at the option of the Issuer, be filed by and be those of the Parent Guarantor rather than the Issuer.

The availability of the foregoing reports on the Commission's EDGAR service (or successor thereto) shall be deemed to satisfy the Issuer's delivery obligations to the Trustee and holders.

Delivery of such reports, information and documents to the Trustee is for informational purposes only, and the Trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Events of Default and Remedies

Under the Indenture, an Event of Default is defined as any of the following:

(1) the Issuer defaults in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the Notes;

(2) the Issuer defaults in the payment when due of interest or Additional Interest, if any, on or with respect to the Notes and such default continues for a period of 30 days;

(3) the Issuer defaults in the performance of, or breaches any covenant, warranty or other agreement contained in the Indenture (other than a default in the performance or breach of a covenant, warranty or agreement which is specifically dealt with in clauses (1) or (2) above) and such default or breach continues for a period of 60 days after the notice specified below;

(4) a default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any Restricted Subsidiary (other than Indebtedness under a Qualified Securitization Financing) or the payment of which is guaranteed by the Issuer or any Restricted Subsidiary (other than Indebtedness under a Qualified Securitization Financing) (other than Indebtedness owed to the Issuer or a Restricted Subsidiary), whether such Indebtedness or guarantee now exists or is created after the Issue Date, if (A) such default either (1) results from the failure to pay any such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or (2) relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity and (B) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$100.0 million or more at any one time outstanding;

(5) certain events of bankruptcy affecting the Issuer or any Significant Subsidiary;

(6) the Issuer or any Significant Subsidiary fails to pay final judgments (other than any judgments covered by insurance policies issued by reputable and creditworthy insurance companies) aggregating in excess of \$100.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed; or

(7) any Guarantee of a Significant Subsidiary fails to be in full force and effect (except as contemplated by the terms thereof) or any Guarantor (other than the Parent Guarantor) denies or disaffirms its obligations under its Guarantee and such Default continues for 10 days.

If an Event of Default (other than an Event of Default specified in clause (5) above with respect to the Issuer) shall occur and be continuing, the Trustee or the holders of at least 25% in principal amount of outstanding Notes under the Indenture may declare the principal of and accrued interest on such Notes to be due and payable by notice in writing to the Issuer and the Trustee specifying the respective Event of Default and that it is a “notice of acceleration” (the “Acceleration Notice”), and the same shall become immediately due and payable. Notwithstanding the foregoing, if an Event of Default specified in clause (5) above with respect to the Issuer occurs and is continuing, then all unpaid principal of, and premium, if any, and accrued and unpaid interest on all of the outstanding Notes shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder of the Notes.

The Indenture will provide that, at any time after a declaration of acceleration with respect to the Notes issued under the Indenture as described in the preceding paragraph, the holders of a majority in principal amount of the outstanding Notes issued under the Indenture may rescind and cancel such declaration and its consequences:

(1) if the rescission would not conflict with any judgment or decree;

(2) if all existing Events of Default have been cured or waived except nonpayment of principal or interest that has become due solely because of the acceleration;

(3) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid;

(4) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its expenses, disbursements and advances; and

(5) in the event of the cure or waiver of an Event of Default of the type described in clause (5) of the description above of Events of Default, the Trustee shall have received an Officers' Certificate and an opinion of counsel that such Event of Default has been cured or waived.

No such rescission shall affect any subsequent Default or impair any right consequent thereto.

The holders of a majority in principal amount of the Notes issued under the Indenture may waive any existing Default or Event of Default under the Indenture, and its consequences, except a default in the payment of the principal of or interest on such Notes.

In the event of any Event of Default specified in clause (4) of the first paragraph above, such Event of Default and all consequences thereof (excluding, however, any resulting payment default) will be annulled, waived and rescinded, automatically and without any action by the Trustee or the holders of the Notes, if within 20 days after such Event of Default arose the Issuer delivers an Officers' Certificate to the Trustee stating that (x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged or (y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or (z) the default that is the basis for such Event of Default has been cured, it being understood that in no event shall an acceleration of the principal amount of the Notes as described above be annulled, waived or rescinded upon the happening of any such events.

Holders of the Notes may not enforce the Indenture or the Notes except as provided in the Indenture and under the Trust Indenture Act of 1939, as amended. Subject to the provisions of the Indenture relating to the duties of the Trustee, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request, order or direction of any of the holders of the Notes, unless such holders have offered to the Trustee reasonable indemnity. Subject to all provisions of the Indenture and applicable law, the holders of a majority in aggregate principal amount of the then outstanding Notes issued under such Indenture have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee.

The Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, the Issuer is required to deliver to the Trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor or any direct or indirect parent entity, as such, will have any liability for any obligations of the Issuer or any Guarantor under the Notes, the Indenture, any Guarantee or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding Notes issued under the Indenture ("Legal Defeasance") except for:

(1) the rights of holders of outstanding Notes issued thereunder to receive payments in respect of the principal of, or interest or premium and Additional Interest, if any, on such Notes when such payments are due from the trust referred to below;

(2) the Issuer's obligations with respect to the Notes issued thereunder concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and

(4) the Legal Defeasance provisions of the Indenture.

In addition, the Issuer may, at its option and at any time, elect to have the obligations of the Issuer released with respect to certain covenants that are described in the Indenture ("Covenant Defeasance") and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the Notes issued thereunder. In the event Covenant Defeasance occurs, certain events (not including nonpayment, bankruptcy, receivership, rehabilitation and insolvency events of the Issuer but not its Restricted Subsidiaries) described under "— Events of Default and Remedies" will no longer constitute an Event of Default with respect to the Notes issued thereunder.

In order to exercise either Legal Defeasance or Covenant Defeasance under the Indenture:

(1) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the Notes issued thereunder, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, or interest and premium and Additional Interest, if any, on the outstanding Notes issued thereunder on the stated maturity or on the applicable redemption date, as the case may be, and the Issuer must specify whether the Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that (a) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the respective outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that the holders of the respective outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and the granting of Liens in connection therewith);

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the Indenture) to which the Issuer or any of its Restricted Subsidiaries is a party or by which the Issuer or any of its Restricted Subsidiaries is bound;

(6) the Issuer must deliver to the Trustee an Officers' Certificate stating that the deposit was not made by the Issuer with the intent of preferring the holders of Notes over the other creditors of the Issuer with the intent of defeating, hindering, delaying or defrauding creditors of the Issuer or others; and

(7) the Issuer must deliver to the Trustee an Officers' Certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next three succeeding paragraphs, the Indenture or the Notes issued thereunder may be amended or supplemented with the consent of the holders of at least a majority in principal amount of the Notes then outstanding issued under the Indenture (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes), and any existing default or compliance with any provision of the Indenture or the Notes issued thereunder may be waived with the consent of the holders of a majority in principal amount of the then outstanding Notes issued under the Indenture (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes).

Without the consent of each holder affected, an amendment or waiver of the Indenture may not (with respect to any Notes held by a non-consenting holder):

- (1) reduce the principal amount of Notes issued thereunder whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any Note or alter the provisions with respect to the redemption of the Notes issued thereunder (other than provisions relating to the covenants described above under the caption “— Repurchase at the Option of Holders”);
- (3) reduce the rate of or change the time for payment of interest on any Note issued thereunder;
- (4) waive a Default or Event of Default in the payment of principal of, or interest or premium, or Additional Interest, if any, on the Notes issued thereunder (except a rescission of acceleration of the Notes issued thereunder by the holders of at least a majority in aggregate principal amount of the Notes issued thereunder and a waiver of the payment default that resulted from such acceleration);
- (5) make any Note payable in money other than that stated in the Notes;
- (6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of holders of Notes to receive payments of principal of, or interest or premium or Additional Interest, if any, on the Notes issued thereunder;
- (7) waive a redemption payment with respect to any Note issued thereunder (other than a payment required by one of the covenants described above under the caption “— Repurchase at the Option of Holders”);
- (8) modify the subsidiary Guarantees in any manner adverse to the holders of the Notes; or
- (9) make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder of Notes, the Issuer and the Trustee may amend or supplement the Indenture or the Notes issued thereunder:

- (1) to cure any ambiguity, defect or inconsistency;
- (2) to provide for uncertificated Notes in addition to or in place of certificated Notes;
- (3) to provide for the assumption of the Issuer’s obligations to holders of Notes in the case of a merger or consolidation or sale of all or substantially all of the assets of the Issuer and its Subsidiaries;
- (4) to make any change that would provide any additional rights or benefits to the holders of Notes or that does not adversely affect the legal rights under the Indenture of any such holder;
- (5) to comply with requirements of the Commission in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act;
- (6) to add a Guarantee of the Notes;

(7) to release a Guarantor upon its sale or designation as an Unrestricted Subsidiary or other permitted release from its Guarantee; *provided* that such sale, designation or release is in accordance with the applicable provisions of the Indenture; or

(8) to conform the text of any provision of the Indenture, the Notes or Guarantees to any provision of this description of notes to the extent such provision was intended to be a verbatim recitation of such provision, which intent shall be conclusively evidenced by an officers' certificate to that effect.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

(1) either:

(a) all Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to the Issuer, have been delivered to the Trustee for cancellation; or

(b) all Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable by reason of the mailing of a notice of redemption or otherwise within one year and the Issuer has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the Notes not delivered to the Trustee for cancellation for principal, premium and Additional Interest, if any, and accrued interest to the date of maturity or redemption;

(2) the Issuer has paid or caused to be paid all sums payable by them under the Indenture; and

(3) the Issuer has delivered irrevocable instructions to the Trustee under the Indenture to apply the deposited money toward the payment of the Notes issued thereunder at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officers' Certificate and an opinion of counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the Trustee becomes a creditor of the Issuer, the Indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the Commission for permission to continue or resign.

The holders of a majority in principal amount of the then outstanding Notes issued under the Indenture will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default occurs and is continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder has offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Governing Law

The Indenture, the Notes and the Guarantees will be governed by, and construed in accordance with, the laws of the State of New York.

In the event that the Issuer or any Restricted Subsidiary incurs, assumes, guarantees or redeems any Indebtedness or issues or repays Disqualified Stock or Preferred Stock subsequent to the commencement of the period for which the Fixed Charge Coverage Ratio is being calculated but on or prior to the event for which the calculation of the Fixed Charge Coverage Ratio is made (the “Calculation Date”), then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect to such incurrence, assumption, guarantee or repayment of Indebtedness, or such issuance or redemption of Disqualified Stock or Preferred Stock, as if the same had occurred at the beginning of the applicable four-quarter period.

For purposes of making the computation referred to above, Investments, acquisitions, dispositions, mergers, consolidations and discontinued operations (as determined in accordance with GAAP) that have been made by the Issuer or any Restricted Subsidiary during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Calculation Date shall be calculated on a pro forma basis assuming that all such Investments, acquisitions, dispositions, mergers, consolidations and

discontinued operations (and the change in any associated fixed charge obligations and the change in EBITDA resulting therefrom) had occurred on the first day of the four-quarter reference period.

If since the beginning of such period any Person (that subsequently became a Restricted Subsidiary or was merged with or into the Issuer or any Restricted Subsidiary since the beginning of such period) shall have made any Investment, acquisition, disposition, merger, consolidation or discontinued operation that would have required adjustment pursuant to this definition, then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect thereto for such period as if such Investment, acquisition, disposition, merger, consolidation or discontinued operation had occurred at the beginning of the applicable four-quarter period.

For purposes of this definition, whenever pro forma effect is to be given to an acquisition or other Investment and the amount of income or earnings relating thereto, the pro forma calculations shall be determined in good faith by a responsible financial or accounting Officer of the Issuer and shall comply with the requirements of Rule 11-02 of Regulation S-X promulgated by the Commission, except that such pro forma calculations may include (1) certain adjustments used in connection with the calculation of "Operating EBITDA" as set forth in the offering memorandum with respect to the outstanding notes, to the extent such adjustments, without duplication continue to be applicable to such four-quarter period, and (2) operating expense reductions for such period resulting from the acquisition which is being given pro forma effect that have been realized or for which the steps necessary for realization have been taken or are reasonably expected to be taken within six months following any such acquisition, including, but not limited to, the execution or termination of any contracts, the termination of any personnel or the closing (or approval by the Board of Directors of any closing) of any facility, as applicable, *provided* that, in either case, such adjustments are set forth in an Officers' Certificate signed by the Issuer's chief financial officer and another Officer which states (i) the amount of such adjustment or adjustments, (ii) that such adjustment or adjustments are based on the reasonable good faith beliefs of the Officers executing such Officers' Certificate at the time of such execution and (iii) that any related incurrence of Indebtedness is permitted pursuant to the Indenture. If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness).

Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of the Issuer to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP. For purposes of making the computation referred to above, interest on any Indebtedness under a revolving credit facility computed on a pro forma basis shall be computed based upon the average daily balance of such Indebtedness during the applicable period. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rate, shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuer may designate.

BOOK ENTRY, DELIVERY AND FORM

General

The exchange notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The exchange notes will be issued at the closing of this exchange offer only in exchange for and against delivery of outstanding notes.

The exchange notes initially will be represented by notes in registered, global form without interest coupons, called collectively the global notes. The global notes will be deposited upon issuance with the trustee as custodian for DTC, in New York, New York, and registered in the name of DTC's nominee, Cede & Co., in each case for credit to an account of a direct or indirect participant in DTC as described below. Global notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee.

Beneficial interests in the global notes may be held through the Euroclear System, or Euroclear, and Clearstream Banking, S.A., or Clearstream, each as indirect participants in DTC. Beneficial interests in the global notes may not be exchanged for notes in certificated form, or certificated notes except in the limited circumstances described below. See “— Certificated Securities”. Transfers between participants in DTC will be effected in accordance with DTC rules and will be settled in immediately available funds. Transfers of beneficial interests in the global notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, including, if applicable, those of Euroclear and Clearstream, which may change from time to time.

The Global Notes

We expect that, pursuant to procedures established by DTC, (i) upon the issuance of the global notes, DTC or its custodian will credit, on its internal system, the principal amount at maturity of the individual beneficial interests represented by such global notes to the respective accounts of persons who have accounts with such depository (“participants”) and (ii) ownership of beneficial interests in the global notes will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants). Such accounts initially will be designated by or on behalf of the initial purchaser and ownership of beneficial interests in the global notes will be limited to participants or persons who hold interests through participants. Holders may hold their interests in the global notes directly through DTC if they are participants in such system, or indirectly through organizations that are participants in such system.

So long as DTC or its nominee is the registered owner or holder of the notes, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such global notes for all purposes under the indenture. No beneficial owner of an interest in the global notes will be able to transfer that interest except in accordance with DTC's procedures, in addition to those provided for under the indenture with respect to the notes.

Payments of the principal of, and premium (if any) and interest (including Additional Interest, if any) on, the global notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. None of the issuer, the trustee or any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interest.

We expect that DTC or its nominee, upon receipt of any payment of principal of, and premium (if any) and interest (including Additional Interest, if any) on the global notes, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global notes as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global notes held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers

registered in the names of nominees for such customers. Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in the ordinary way through DTC's same-day funds system in accordance with DTC rules and will be settled in same-day funds. If a holder requires physical delivery of a Certificated Security, such holder must transfer its interest in a Global Note, in accordance with the normal procedures of DTC and with the procedures set forth in the Indenture.

DTC has advised us that it will take any action permitted to be taken by a holder of notes (including the presentation of notes for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in the global notes are credited and only in respect of such portion of the aggregate principal amount of notes as to which such participant or participants has or have given such direction.

DTC has advised us as follows: DTC is a limited-purpose trust company organized under New York banking law, a "banking organization" within the meaning of the New York banking law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for issues of US and non-US equity, corporate and municipal debt issues that participants deposit with DTC. DTC also facilitates the post-trade settlement among participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between participants' accounts. This eliminates the need for physical movement of securities certificates. Participants include both US and non-US securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to the DTC system is also available to indirect participants such as both US and non-US securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the global notes among participants of DTC, it is under no obligation to perform such procedures, and such procedures may be discontinued at any time. None of us, the trustee or any paying agent will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated Securities

A global note is exchangeable for certificated notes in fully registered form without interest coupons ("Certificated Securities") only in the following limited circumstances:

- DTC notifies us that it is unwilling or unable to continue as depository for the global note and we fail to appoint a successor depository within 90 days of such notice, or
- there shall have occurred and be continuing an event of default with respect to the Notes under the indenture and DTC shall have requested the issuance of Certificated Securities.

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer the Notes will be limited to such extent.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material U.S. federal income tax consequences of the acquisition, ownership, and disposition of the exchange notes. It is based on provisions of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), existing and proposed Treasury regulations promulgated thereunder (the “Treasury Regulations”), and administrative and judicial interpretations thereof, all as of the date hereof and all of which are subject to change, possibly on a retroactive basis. No ruling from the Internal Revenue Service (the “IRS”) has been or will be sought with respect to any aspect of the transactions described herein. Accordingly, no assurance can be given that the IRS will agree with the views expressed in this summary, or that a court will not sustain any challenge by the IRS in the event of litigation.

The following relates only to beneficial owners of exchange notes that acquire such exchange notes in this offering in exchange for outstanding notes originally acquired at their initial offering for an amount of cash equal to their “issue price” (as defined below) and that are held as capital assets (i.e., generally, property held for investment). This summary does not address all of the U.S. federal income tax consequences that may be relevant to particular holders in light of their personal circumstances, or to certain types of holders that may be subject to special tax treatment (such as banks and other financial institutions, employee stock ownership plans, partnerships or other pass-through entities for U.S. federal income tax purposes, certain former citizens or residents of the U.S., controlled foreign corporations, corporations that accumulate earnings to avoid U.S. federal income tax, insurance companies, tax-exempt organizations, dealers in securities and foreign currencies, brokers, persons who hold the exchange notes as a hedge or other integrated transaction or who hedge the interest rate on the exchange notes, persons deemed to sell exchange notes under the constructive sale provisions of the Code, “U.S. holders” (as defined below) whose functional currency is not U.S. dollars, or who hold the exchange notes through a foreign entity or foreign account, or persons subject to the alternative minimum tax). In addition, this summary does not include any description of the tax laws of any state, local, or non-U.S. jurisdiction that may be applicable to a particular holder and does not consider any aspects of U.S. federal tax law other than income taxation.

For purposes of this discussion, a “U.S. holder” is an individual, corporation, estate, or trust that is a beneficial owner of the exchange notes and that is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the U.S. for U.S. federal income tax purposes;
- a corporation (or other business entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the U.S. or any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if (1) a court within the U.S. can exercise primary supervision over its administration, and one or more U.S. persons have the authority to control all of the substantial decisions of that trust or (2) the trust was in existence on August 20, 1996, and validly elected to continue to be treated as a U.S. trust.

A “non-U.S. holder” is an individual, corporation, estate, or trust that is a beneficial owner of the exchange notes and is not a U.S. holder.

The U.S. federal income tax treatment of a partner in a partnership (or other entity classified as a partnership for U.S. federal income tax purposes) that holds the exchange notes generally will depend on such partner’s particular circumstances and on the activities of the partnership. Partners in such partnerships should consult their own tax advisors.

HOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE PARTICULAR U.S. FEDERAL INCOME TAX CONSEQUENCES TO THEM OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF THE NOTES AND THE TAX CONSEQUENCES UNDER FEDERAL, STATE, LOCAL, AND NON-U.S. TAX LAWS AND THE POSSIBLE EFFECTS OF CHANGES IN TAX LAWS.

Certain Contingent Payments

In certain circumstances (see, for example, “Description of the Notes — Repurchase at the Option of Holders — Change of Control Event”), the exchange notes provide for the payment of certain amounts in excess of the stated interest and principal. These contingencies could subject the exchange notes to the provisions of the Treasury regulations relating to “contingent payment debt instruments.” Under these regulations, however, one or more contingencies will not cause a debt instrument to be treated as a contingent payment debt instrument if, as of the issue date of the notes, such contingencies in the aggregate are “remote” or are considered to be “incidental.” We believe and intend to take the position that the foregoing contingencies should be treated in the aggregate as remote and/or incidental. Our position is binding on a holder, unless the holder discloses in the proper manner to the IRS that it is taking a different position. However, this determination is not binding on the IRS, and is inherently factual and we can give you no assurance that our position would be sustained if challenged by the IRS. A successful challenge of this position by the IRS could affect the timing and amount of a holder’s income and could cause any gain from the sale or other disposition of a note to be treated as ordinary income, rather than capital gain. This disclosure assumes that the exchange notes will not be considered contingent payment debt instruments. Holders are urged to consult their own tax advisors regarding the potential application to the exchange notes of the contingent payment debt regulations and the consequences thereof.

Consequences to U.S. holders

Stated Interest

Stated interest on the exchange notes will be taxable to a U.S. holder as ordinary interest income as the interest accrues or is paid in accordance with the holder’s regular method of tax accounting.

Exchange offer

The exchange of the outstanding notes for exchange notes pursuant to this exchange offer will not constitute a taxable exchange. As a result, (1) a U.S. holder will not recognize a taxable gain or loss as a result of exchanging such U.S. holder’s outstanding notes; (2) the holding period of the exchange notes will include the holding period of the outstanding notes exchanged therefor; and (3) the adjusted tax basis of the exchange notes will be the same as the adjusted tax basis of the outstanding notes exchanged therefor immediately before such exchange.

Sale or other taxable disposition of exchange notes

In general, upon the sale, exchange, retirement or other taxable disposition of an exchange note, a U.S. holder generally will recognize gain or loss equal to the difference between (1) the amount of the cash and the fair market value of any property received on the sale or other taxable disposition (less an amount equal to any accrued but unpaid stated interest, which will be taxable as interest income as discussed above to the extent not previously includable in income) and (2) the U.S. holder’s adjusted tax basis in such exchange note at the time of such sale. A U.S. holder’s initial tax basis in an exchange note will be the cost to the U.S. holder of the original note exchanged for such exchange note. Gain or loss realized on the sale or other taxable disposition of an exchange note will generally be capital gain or loss and will be a long-term capital gain or loss if, at the time of the disposition the holder has held the exchange note for more than one year. For non-corporate taxpayers, long-term capital gains are currently generally eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Backup withholding and information reporting

In general, a U.S. holder of the exchange notes will be subject to backup withholding with respect to payments of stated interest, and the proceeds of a sale or other disposition (including a retirement or redemption) of the exchange notes, at the applicable tax rate (currently 28%), unless such U.S. holder (a) is an entity that is exempt from backup withholding and, when required, demonstrates this fact, or (b) provides the payor with its taxpayer identification number (“TIN”), certifies that the TIN provided to the payor is correct

and that the U.S. holder has not been notified by the IRS that such U.S. holder is subject to backup withholding due to underreporting of interest or dividends, and otherwise complies with applicable requirements of the backup withholding rules. In addition, we or our paying agent will report to the U.S. holders and the IRS the amount of any “reportable payments” and any amounts withheld with respect to the exchange notes as required by the Code and applicable Treasury Regulations. A U.S. holder who does not provide the payor with its correct TIN may be subject to penalties imposed by the IRS. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. holder will be allowed as a credit against such U.S. holder’s federal income tax liability and may entitle the U.S. holder to a refund; provided that the required information is timely furnished to the IRS. U.S. holders should consult their own tax advisors regarding the application of backup withholding in their particular situations, the availability of an exemption from backup withholding and the procedure for obtaining such an exemption, if available.

Consequences to non-U.S. holders

The rules governing U.S. federal income taxation of non-U.S. holders are complex. Non-U.S. holders should consult with their own tax advisors to determine the effect of federal, state, local and non-U.S. income tax laws, as well as treaties, with regard to an investment in the exchange notes, including any reporting requirements.

Payment of Interest

Subject to the discussion of backup withholding below, under the “portfolio interest exemption,” a non-US holder will generally not be subject to U.S. federal income tax (or any withholding tax) on payments of stated interest on the exchange notes that is not effectively connected with the non-U.S. holder’s conduct of a trade or business in the U.S., provided that;

- the non-U.S. holder does not actually or constructively own 10% or more of the total combined voting power of all classes of common stock of Celanese entitled to vote;
- the non-U.S. holder is not, and is not treated as, a bank receiving interest on an extension of credit pursuant to a loan agreement entered into in the ordinary course of its trade or business;
- the non-U.S. holder is not a “controlled foreign corporation” that is related (actually or constructively) to Celanese; and
- certain certification requirements are met.

Under current law, the certification requirement will be satisfied in any of the following circumstances:

- If a non-U.S. holder provides to us or our paying agent a statement on an IRS Form W-8BEN (or suitable successor form), together with all appropriate attachments, signed under penalties of perjury, identifying the non-U.S. holder by name and address and stating, among other things, that the non-U.S. holder is not a United States person.
- If an exchange note is held through a securities clearing organization, bank or another financial institution that holds customers’ securities in the ordinary course of its trade or business, (i) the non-U.S. holder provides an IRS Form W-8BEN (or suitable successor form) to such organization or institution, and (ii) such organization or institution, under penalty of perjury, certifies to us that it has received such a form from the beneficial owner or another intermediary and furnishes us or our paying agent with a copy thereof.
- If a financial institution or other intermediary that holds the note on behalf of the non-U.S. holder has entered into a withholding agreement with the IRS and submits an IRS Form W-8IMY (or suitable successor form) and certain other required documentation to us or our paying agent.

If the requirements of the portfolio interest exemption described above are not satisfied, a 30% withholding tax will apply to the gross amount of interest on the exchange notes that is paid to a non-U.S. holder, unless either: (a) an applicable income tax treaty reduces or eliminates such tax, and the

non-U.S. holder claims the benefit of that treaty by providing a properly completed and duly executed IRS Form W-8BEN (or suitable successor or substitute form) establishing qualification for benefits under the treaty, or (b) the interest is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States and the non-US holder provides an appropriate statement to that effect on a properly completed and duly executed IRS Form W-8ECI or W-8BEN, as applicable (or suitable successor form).

If a non-U.S. holder is engaged in a trade or business in the United States and interest on a note is effectively connected with the conduct of that trade or business, the non-U.S. holder will be required to pay U.S. federal income tax on that interest on a net income basis generally in the same manner as a U.S. holder. If a non-U.S. holder is eligible for the benefits of an income tax treaty between the United States and its country of residence, any interest income that is effectively connected with a U.S. trade or business will be subject to U.S. federal income tax in the manner specified by the treaty and generally will only be subject to such tax if such income is attributable to a permanent establishment (or a fixed base in the case of an individual) maintained by the non-U.S. holder in the United States, provided that the non-U.S. holder claims the benefit of the treaty by properly submitting an IRS Form W-8BEN. In addition, a non-U.S. holder that is treated as a foreign corporation for U.S. federal income tax purposes may be subject to a branch profits tax equal to 30% (or lower applicable treaty rate) of its earnings and profits for the taxable year, subject to adjustments, that are effectively connected with its conduct of a trade or business in the United States.

Exchange offer

The exchange of the outstanding notes for exchange notes pursuant to this exchange offer will not constitute a taxable exchange. As a result, (1) a non-U.S. holder will not recognize a taxable gain or loss as a result of exchanging such holder's outstanding; (2) the holding period of the exchange notes will include the holding period of the outstanding notes exchanged therefor; and (3) the adjusted tax basis of the exchange notes will be the same as the adjusted tax basis of the outstanding notes exchanged therefor immediately before such exchange.

Sale or other taxable disposition of exchange notes

Subject to the discussion of backup withholding below, a non-U.S. holder generally will not be subject to U.S. federal income tax (or any withholding thereof) on gain realized by such holder upon a sale, exchange, retirement or other taxable disposition of an exchange note (other than any accrued and unpaid stated interest, which will be taxable as interest income as discussed above), unless,

- the non-U.S. holder is an individual who is present in the U.S. for 183 days or more in the taxable year of disposition, and certain other conditions are met; or
- such gain is effectively connected with the conduct of a U.S. trade or business of the non-U.S.

If the first exception applies, the non-U.S. holder generally will be subject to U.S. federal income tax at a rate of 30% on the amount by which its US-source capital gains exceed its US-source capital losses during the taxable year of the disposition.

If the second exception applies, the non-U.S. holder will generally be subject to U.S. federal income tax on the net gain derived from the sale or other disposition in the same manner as a US holder. In addition, corporate non-U.S. holder may also be subject to a 30% branch profits tax on any effectively connected earnings and profits. If a non-US holder is eligible for the benefits of an income tax treaty between the United States and its country of residence, the US federal income tax treatment of any such gain may be modified in the manner specified by the treaty.

A non-U.S. holder will be subject to substantial limitations on its ability to claim a loss on the disposition of the exchange notes. Non-U.S. holders should consult their own tax advisors regarding the tax consequences of disposing of the exchange notes at a loss.

Information reporting and backup withholding

When required, we or our paying agent will report to the IRS and to each non-US holder the amount of any interest paid on the exchange notes in each calendar year, and the amount of US federal income tax withheld, if any, with respect to these payments. Copies of these information returns may also be made available to the tax authorities of the country in which you reside under the provisions of a specific treaty or agreement.

Payments of interest will be subject to backup withholding unless the non-US holder certifies as to its non-US status or otherwise establishes an exemption from backup withholding, and will be subject to information reporting in any event.

Payments of the proceeds from the sale or other disposition (including a retirement) of an exchange note to or through a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, additional information reporting, but generally not backup withholding, may apply to those payments if the broker is one of the following: (a) a United States person, (b) a controlled foreign corporation for US federal income tax purposes, (c) a foreign person 50% or more of whose gross income from all sources for the three-year period ending with the close of its taxable year preceding the payment was effectively connected with a US trade or business, or (d) a foreign partnership with specified connections to the United States.

Payment of the proceeds from a sale or other disposition (including a retirement or redemption) of an exchange note to or through the United States office of a broker will be subject to information reporting and backup withholding unless the non-US holder certifies as to its non-US status or otherwise establishes an exemption from information reporting and backup withholding.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a non-US holder will be allowed as a credit against such holder's US federal income tax liability and may entitle the holder to a refund, provided the required information is timely furnished to the IRS.

CERTAIN BENEFIT PLAN INVESTOR CONSIDERATIONS

The following is a summary of certain considerations associated with the purchase and holding of the Notes by employee benefit plans that are subject to Title I of ERISA, plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Code or provisions under any federal, state, local, non-US or other laws or regulations that are similar to such provisions of ERISA or the Code (collectively, “similar laws”), and entities whose underlying assets are considered to include “plan assets” (within the meaning of ERISA and any similar laws) of such plans, accounts and arrangements (each, a “plan”).

This summary is based on the provisions of ERISA and the Code (and the related regulations and administrative and judicial interpretations) as of the date of this prospectus. This summary does not purport to be complete, and future legislation, court decisions, administrative regulations, rulings or administrative pronouncements could significantly modify the requirements summarized below. Any of these changes may be retroactive and may thereby apply to transactions entered into prior to the date of their enactment or release.

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a plan subject to Title I of ERISA or Section 4975 of the Code (an “ERISA plan”) and prohibit certain transactions involving the assets of an ERISA plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such an ERISA plan or the management or disposition of the assets of such an ERISA plan, or who renders investment advice for a fee or other compensation to such an ERISA plan, is generally considered to be a fiduciary of the ERISA plan.

In considering an investment in the Notes by any plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the plan and the applicable provisions of ERISA, the Code or any similar laws relating to a fiduciary’s duties to the plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable similar laws.

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA plans from engaging in specified transactions involving plan assets with persons or entities who are “parties in interest,” within the meaning of ERISA, or “disqualified persons,” within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person, including fiduciaries of an ERISA plan, who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code.

The exchange of outstanding notes and the acquisition, holding or disposition of exchange notes by or on behalf of any plan with respect to which we, the trustee or the exchange agent or any of our respective affiliates is considered a party in interest or disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless an exemption is available. In this regard, the US Department of Labor (the “DOL”) has issued prohibited transaction class exemptions (“PTCEs”) that may apply to the acquisition and holding of the Notes. These class exemptions include, without limitation, PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1, respecting insurance company pooled separate accounts, PTCE 91-38, respecting bank collective investment funds, PTCE 95-60, respecting life insurance company general accounts and PTCE 96-23, respecting transactions determined by in-house asset managers, although there can be no assurance that all of the conditions of any such exemptions will be satisfied.

In addition to the foregoing, the Pension Protection Act of 2006 provides a statutory exemption (Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code) for transactions between an ERISA plan and a person that is a party in interest and/or a disqualified person (other than a fiduciary or an affiliate that, directly or indirectly, has or exercises discretionary authority or control or renders investment advice with

respect to the assets involved in the transaction) solely by reason of providing services to the plan or by relationship to a service provider, provided that the ERISA plan fiduciary has made a determination that there is adequate consideration for the transaction.

Each holder of outstanding notes that acquires exchange notes and that is a plan or is using plan assets will be deemed to have represented and warranted that the exchange of the outstanding notes and the acquisition, holding and disposition of the exchange notes will not result in a non-exempt prohibited transaction under ERISA, the Code and any substantially similar applicable law.

The foregoing discussion is general in nature and is not intended to be all-inclusive. Fiduciaries or other persons considering exchanging outstanding notes and acquiring exchange notes on behalf of or with plan assets should consult with their counsel, prior to any such transaction, regarding the potential applicability of ERISA, the Code and any substantially similar laws to such investment and the availability of an applicable exemption.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such outstanding notes were acquired as a result of market-making activities or other trading activities.

We will not receive any proceeds from any sale of exchange notes by brokers-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or at negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an “underwriter” within the meaning of the Securities Act and any profit on any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

We have agreed to pay all expenses incident to the exchange offer, other than the expenses of counsel for the holders of the outstanding notes, commissions or concessions of any brokers or dealers and any transfer taxes relating to the sale or disposition of the outstanding notes or the exchange notes, and we will indemnify the holders of the outstanding notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
