#### REPORT OF INDEPENDENT REGISTERED ACCOUNTING FIRM

To The Plan Administrator, Investment, and Benefit Committees of the Celanese Americas Retirement Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Celanese Americas Retirement Savings Plan (the Plan) as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008 and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i – schedule of assets (held at the end of year) as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rule and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### (1) Description of the Plan

The Celanese Americas Retirement Savings Plan (the "Plan") is a participant directed, defined contribution plan sponsored by Celanese Americas LLC (formerly Celanese Americas Corporation) and subsidiaries ("Celanese" or the "Company"), a wholly owned subsidiary of Celanese Corporation. The Plan covers certain employees of the Company and its participating affiliates ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Participants in the Plan should refer to the Plan document for more complete details of the Plan's provisions.

The Company has a trust agreement with State Street Bank & Trust Company (the "Trustee"). The trust agreement establishes a qualified trust for the Plan. The assets of the trust are managed by various investment managers appointed by the Company. The Company's Investment Committee oversees the Plan and has discretionary authority to appoint an agent to direct the purchase and sale of investments in the Plan. The Company appointed the Plan Administrator and Investment Committee as the named fiduciaries of the Plan.

#### (a) Eligibility

Employees are eligible to participate in the Plan as soon as administratively practicable following their date of hire (taking into account the need to enroll and the timing of the Company's payroll cycles).

## (b) Participant Contributions

Participants may contribute from 2% to 80% of their eligible compensation, as defined in the Plan document and subject to certain Internal Revenue Service ("IRS") limitations, through payroll deductions. Participants may designate contributions as either "before-tax," "after-tax" or a combination of both. Participants' before-tax contributions and Company contributions are deferred compensation pursuant to Section 401(k) of the Internal Revenue Code ("IRC").

#### (c) Company Contributions

The Company makes a contribution equal to the amount contributed by each Participant up to 5% of such Participant's eligible compensation for non-union participants, as defined in the Plan document. The Company's contribution for union participants varies, as defined in the Plan document, but does not exceed 5% of the Participant's eligible compensation. Effective January 1, 2009, the Plan was amended and restated to increase the matching contribution for the Calvert City union participants to a 100% match of the savings of Calvert City union participants, not to exceed 5% of the participant's eligible compensation.

### (d) Vesting

All Participants' contributions and income earned or losses incurred thereon are fully vested at all times. Effective January 1, 2008, the Company's contributions to active Participants and income earned or losses incurred thereon are also vested at all times. Company contributions to inactive Participants that were not vested as of January 1, 2008 will be forfeited upon request for distribution.

# (e) Forfeitures

Forfeitures of non-vested Company contributions are used to reduce future employer contributions or to restore prior forfeitures under certain conditions. In 2009 and 2008, Company contributions were reduced by \$266,266 and \$134,222 respectively, from forfeited non-vested accounts. At December 31, 2009 and 2008, forfeitures of

\$14,767 and \$174,853, respectively, were available for reducing future employer contributions or to restore prior forfeitures under certain conditions.

#### (f) Distributions and Withdrawals

A Participant's entire vested account balance shall be payable upon termination of employment, retirement, disability or death. Participants who suffer a "financial hardship" may withdraw all or part of their vested account balance before tax contributions subject to certain provisions, as described in the Plan document. Distributions and withdrawals under the Plan are made in cash in the form of a lump sum. Payments are made as soon as administratively practicable within the provisions of the Plan. The Plan allows for in-service withdrawals of vested contributions under certain circumstances, as defined in the Plan document.

#### (g) Participant Accounts

Each Participant's account is credited with the Participant's contributions, the appropriate amount of Company contributions and an allocation of the Plan's earnings or losses and the investment management fees in accordance with the allocation provisions contained in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account balance.

## (h) Participant Loans

Participants who are actively working, and have a vested account balance of at least \$2,000, may borrow up to the lesser of 50% of the vested account balance or \$50,000 less the highest outstanding loan balance in the previous 12 months. The minimum loan available is \$1,000 and shall not exceed \$50,000. Loans are generally for periods of up to five years with the exception of the purchase of a primary residence in which case the loan can be for a period up to fifteen years. Loans are repaid in bi-weekly installments and include interest charges. The interest rate on new loans, fixed on the first business day of the month, is based on the Prime Lending Rate (per the Wall Street Journal) plus 1%. The range of interest rates for outstanding Participant loans as of December 31, 2009 was 4.25% to 11.5% with maturities ranging from 2010 to 2024.

Each loan is adequately secured through the balance in the participant's Plan account. If a participant defaults on his or her loan by failing to make timely repayments, the outstanding principal and interest due on the loan is treated as a deemed distribution and reported as a taxable distribution to the participant in the year of default. If the participant has an outstanding loan and takes a distribution of his or her Plan benefit, the outstanding principal and interest due on the loan is included in the amount distributed to the participant.

#### (i) Investments

Plan Participants may direct the investment of their account in 1% increments among any of the following 20 investment options:

Investment Option	Investment Manager
2000 Retirement Portfolio	Alliance Bernstein
2005 Retirement Portfolio	Alliance Bernstein
2010 Retirement Portfolio	Alliance Bernstein
2015 Retirement Portfolio	Alliance Bernstein
2020 Retirement Portfolio	Alliance Bernstein
2025 Retirement Portfolio	Alliance Bernstein
2030 Retirement Portfolio	Alliance Bernstein
2035 Retirement Portfolio	Alliance Bernstein
2040 Retirement Portfolio	Alliance Bernstein
2045 Retirement Portfolio	Alliance Bernstein
2050 Retirement Portfolio	Alliance Bernstein
Core Bond Fund	Pacific Investment Management Co.
Government Securities Fund	Hoisington Investment Management Co.
S&P 500 Index Fund	Barclay's Global Investor
Large-Cap Value Fund	Alliance Bernstein Investment Management
Large-Cap Growth Fund	Marsico Capital Management
International Stock Fund	Capital Guardian Trust Company
Small-Cap Core Fund	Barclays Global Investors
Stable Value Fund	JP Morgan Asset Management
Celanese Stock Fund	State Street Global Advisors

A Participant may transfer all or a portion of his or her interest, in 1% increments, from one investment fund to another. Each of the Plan's investment options is managed for the Plan by independent investment managers, who employ a specific set of investment criteria endorsed and monitored by the Company.

#### Celanese Stock Fund

The Celanese Stock Fund is a "stock bonus plan" (as defined by U.S. Treasury Regulation § 1.401-1 (b)(i)(iii)) with a primary investment in common shares of Celanese Corporation. Participant holdings of Celanese Corporation common shares are limited to twenty percent of the Participants' total account balance under the Plan. There is a 30-day restriction on reentry into the Celanese Stock Fund after a sale of stock. State Street Global Advisors was named as the fiduciary of the Celanese Stock Fund. The Trustee shall vote shares of Celanese Corporation stock in accordance with the instructions of the Participants in whose accounts the shares are held. During 2009, the Trustee purchased 103,540 shares of Celanese Corporation stock for the fund at an average price of \$13.14 per share and sold 280,861 shares of Celanese Corporation stock for the fund at an average price \$23.57 per share. During 2008, the Trustee purchased 829,070 shares of Celanese Corporation stock for the fund at an average price of \$27.12 per share and sold 258,427 shares of Celanese Corporation stock for the fund at an average price \$39.06 per share.

#### **Investment Contracts**

The Plan invests in fully benefit-responsive investment contracts held in the Stable Value Fund, which are reported in the Statement of Changes in Net Assets Available for Benefits on a contract value basis. The Statement of Net Assets Available for Benefits presents fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value.

The Stable Value Fund permits all Participant initiated transactions as allowed by the plan to occur at contract value. Events that would limit the Plan's ability to execute transactions at contract value are improbable, except for termination of the Plan by the Company; Company initiated withdrawals may be subject to a market adjustment.

The average yield of the investment contracts was 4.19% and 6.82% for the years ended December 31, 2009 and 2008, respectively. The stabilized interest rate ("Crediting Rate") on investment contracts was 1.52% and 2.66% as of December 31, 2009 and 2008, respectively. The Crediting Rates are provided to participants in the fund on a designated pool of investments held by the fund, through contracts generally referred to as a "wrapper". The contracts provide assurance that the adjustments to the interest Crediting Rate will not result in a future interest Crediting Rate that is less then zero.

## (2) Summary of Significant Accounting Policies

#### (a) Basis of Presentation

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America ("US GAAP") for all periods presented.

# (b) Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. All purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year as well as net appreciation (depreciation) of the investments held at the end of the year.

As of December 31, 2008, the Plan adopted the provisions of FASB ASC Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820") for financial assets and liabilities. ASC 820 defines fair value, and increases disclosures surrounding fair value calculations.

### (c) Risks and Uncertainties

The assets of the Plan consist primarily of investments held at fair value. These investments are subject to market risks and are influenced by such factors as investment objectives, interest rates, stock market performance, economic conditions and world affairs. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect Participant account balances and the amounts reported in the financial statements.

#### (d) Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

# (e) Payment of Benefits

Benefits are recorded when paid.

## (3) Investments

During 2009 and 2008, the Plan's investments (including investments bought and sold and held during the year) appreciated (depreciated) in value as follows:

		For the Years Ended December 31,						
	20	009		2008				
		sands)	ds)

#### **Investment Contracts**

2009	stments at r Value	Wrapper Contracts at Fair Value (In thousands)			Adjustment to Contract Value		
US government securities	\$ 506	\$	-	\$	-		
Interest-bearing cash	445		-		-		
JP Morgan Intermediate Bond Fund	146,568		-		-		
Wrapper contracts	 -		303		11,393		
	\$ 147,519	\$	303	\$	11,393		

2008	stments at ir Value	Wrapper Contracts at Fair Value n thousands)	Adjustment to Contract Value
US government securities	\$ 769	\$ -	\$ -
Interest-bearing cash	421	-	-
JP Morgan Intermediate Bond Fund	149,327	-	-
Wrapper contracts	 <u>-</u>	 315	23,095
	\$ 150,517	\$ 315	\$ 23,095

The fair value of the wrapper is determined by calculating the present value of excess future wrapper fees. When the replacement cost of the wrapper contracts (a re-pricing provided annually by each issuer) is greater than the current wrapper fee, the difference is converted into the implied additional fee payment cash flows for the duration of the holding. The present value of that cash flow stream is calculated using a swap curve yield that is based on the duration of the holding, and adjusted for the holding's credit quality rating. Since the replacement costs of the wrapper contracts exceeded the actual costs as of December 31, 2009 and 2008, the fair value of the wrapper contracts is valued at \$303,464 and \$315,347, respectively.

As discussed in Note 2, the Plan adopted ASC 820 as of December 31, 2008. ASC 820 establishes a three-tiered fair value hierarchy that prioritizes inputs to valuation techniques used in fair value calculations. The three levels of inputs are defined as follows:

Level 1 — unadjusted quoted prices for identical assets or liabilities in active markets accessible by the Company

Level 2 — inputs that are observable in the marketplace other than those inputs classified as Level 1

Level 3 — inputs that are unobservable in the marketplace and significant to the valuation

The Company's defined contribution plan assets are measured at fair value on a recurring basis and include the following items:

Short-term investment funds: Foreign and domestic currencies as well as short-term securities are valued at cost plus accrued interest, which approximates fair value.

Common/Collective Trusts: Composed of various funds whose diversified portfolio is comprised of foreign and domestic equities, fixed income securities, and short term investments. Investments are valued at the net asset value of units held by the plan at year-end.

Corporate stock and government securities: Valued at the closing price reported on the active market in which the individual securities are traded. Automated quotes are provided by multiple pricing services and validated by the plan custodian. These securities are traded on exchanges as well as in the over the counter market.

Registered Investment Companies: Composed of various mutual funds and other investment companies whose diversified portfolio is comprised of foreign and domestic equities, fixed income securities, and short term investments. Investments are valued at the net asset value of units held by the plan at year-end.

Investment contracts: Calculated based on the market values of the underlying securities. The investment contracts invest primarily in the Stable Value Fund which is valued at the net asset value of shares held by the plan at year-end.

Wrapper contracts: Calculated as the present value of excess future wrapper fees using a swap curve yield that is based on the duration of the holding, and adjusted for the holding's credit quality rating.

Participant loans: Calculated as the present value of excess future wrapper fees using a swap curve yield that is based on the duration of the holding, and adjusted for the holding's credit quality rating.

ASC 820 requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs. If a financial instrument uses inputs that fall in different levels of the hierarchy, the instrument will be categorized based upon the lowest level of input that is significant to the fair value calculation.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurement as of December 31, 2009 Using					
Assets	Quoted Prices in Active Markets for Identical Assets (Level 1)		Obser (]	ficant Other vable Inputs Level 2) housands)	Total

## (4) Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions of ERISA. In accordance with Plan provisions, Participants are always 100% vested in Company contributions.

## (5) Federal Income Taxes

The IRS has determined and informed the Company by a letter dated April 19, 2004, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

#### (6) Administrative Expenses

Administrative expenses (principally record keeping costs and legal fees) are accrued and charged against the respective funds of the Plan. Investment management fees, taxes, brokerage commissions, and related fees are paid from the respective funds from which they are levied, assessed, or incurred. Certain administrative expenses of the Plan are paid by the Company. Expenses not paid by the Company are paid by the Plan.

#### (7) Parties-in-Interest

Certain Plan investments are shares of common/collective trusts managed by JPMorgan/American Century or State Street Bank & Trust Company. In addition, certain Plan investments are in interest bearing cash accounts managed by Morgan Guaranty Trust Company of New York. JPMorgan Retirement Plan Services is the record keeper and State Street Bank & Trust Company is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC. The Plan also invests in the common stock of the Company as well as makes loans to Participants, both of which qualify as parties-in-interest to the Plan and are exempt from prohibited transaction rules.

### (8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 to Form 5500:

	N	et Assets
	(In t	thousands)
Net assets available for benefits per the financial statements	\$	545,155
2009 adjustment from fair value to contract value for fully benefit-responsive investment contracts		(11,393)
Accrued administrative expenses		(127)
Net assets available for benefits per Form 5500	\$	533,635

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2009, to Form 5500:

	Net	Increase	
	(In thousands)		
Net increase in net assets per the financial statements	\$	49,582	
2008 adjustment from fair value to contract value for fully benefit-responsive investment contracts		23,095	
2009 adjustment from fair value to contract value for fully benefit-responsive investment contracts		(11,393)	
Change in accrued administrative expenses		(79)	
Net increase in net assets per Form 5500	\$	61,205	

#### (9) Subsequent Events

Subsequent events have been evaluated through the date of issuance. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
